

Stereotaxis to Present at Oppenheimer Healthcare Conference in New York on December 13, 2012

December 6, 2012

ST. LOUIS, Dec. 6, 2012 (GLOBE NEWSWIRE) -- Stereotaxis, Inc. (Nasdaq:STXS) today announced that Michael P. Kaminski, President and CEO, and Sam Duggan, CFO, will present at the Oppenheimer 23rd Annual Healthcare Conference on Thursday, December 13th at 2:45 p.m. ET. The conference is being held at the Waldorf-Astoria Hotel in New York City.

A live webcast and subsequent archived replay of the presentation will be accessible at www.stereotaxis.com within the "Investors" section. The replay will be available for 90 days after the event.

To arrange a one-on-one meeting with Stereotaxis management at the conference, please contact an Oppenheimer sales person, or the MKR Group, Stereotaxis' investor relations firm, at stxs@mkr-group.com.

About Stereotaxis

Stereotaxis is a healthcare technology and innovation leader in the development of robotic cardiology instrument navigation systems designed to enhance the treatment of arrhythmias and coronary disease, as well as information management solutions for the interventional lab. With over 100 patents for use in a hospital's interventional surgical suite, Stereotaxis helps physicians around the world provide unsurpassed patient care with robotic precision and safety, improved lab efficiency and productivity, and enhanced collaboration of life-saving information. Stereotaxis' core technologies are the Niobe[®] ES Remote Magnetic Navigation system, the Odyssey[®] portfolio of lab optimization, networking and patient information management systems and the Vdrive[™] Robotic Mechanical Navigation system and consumables.

The core components of Stereotaxis systems have received regulatory clearance in the U.S., Europe, and Canada and elsewhere; the V-Loop[™] circular catheter manipulator is currently in human clinical trials and V-Sono[™] ICE catheter manipulator is under regulatory review by the U.S. Food and Drug Administration. For more information, please visit www.stereotaxis.com and www.odysseyexperience.com.

This press release includes statements that may constitute "forward-looking" statements, usually containing the words "believe," "estimate," "project," "expect" or similar expressions. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, our continued access to capital and financial resources on a timely basis and on terms that are acceptable, our continued listing on the Nasdaq Global Market, continued acceptance of the Company's products in the marketplace, the effect of global economic conditions on the ability and willingness of customers to purchase our systems and the timing of such purchases, the outcome of various shareholder litigation recently filed against us, competitive factors, changes resulting from the recently enacted healthcare reform in the U.S., including changes in government reimbursement procedures, dependence upon third-party vendors, timing of regulatory approvals, and other risks discussed in the Company's periodic and other filings with the Securities and Exchange Commission. By making these forward-looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this release. There can be no assurance that the Company will recognize revenue related to its purchase orders and other commitments in any particular period or at all because some of these purchase orders and other commitments are subject to contingencies that are outside of the Company's control. In addition, these orders and commitments may be revised, modified, delayed or canceled, either by their express terms, as a result of negotiations, or by overall project changes or delays.
