

## Stereotaxis to Present at Cowen 5th Annual FutureHealth Conference

June 18, 2020

ST. LOUIS, June 18, 2020 (GLOBE NEWSWIRE) -- [Stereotaxis](#) (NYSE: STXS), the global leader in innovative robotic technologies for the treatment of cardiac arrhythmias, today announced that David Fischel, Chairman and CEO, will present at the Cowen 5<sup>th</sup> Annual FutureHealth Conference on Thursday, June 25, 2020 at 10:15 am EDT.

Hosted by Josh Jennings, Senior Health Care Research Analyst of Cowen and Company, Mr. Fischel will lead a panel discussion titled, *The Powerful Combination of Advanced Imaging & Robotics*. The discussion will focus on the value of integrating high quality diagnostic imaging with robotics to improve patient care and modernize interventional surgery. Highlights will include the recent integration with Acutus Medical's advanced cardiac mapping technology and Stereotaxis' other efforts to digitize the cath lab.

"In previous discussions we've primarily focused on the mechanistic benefits of robotics in electrophysiology," says Mr. Fischel. "I look forward to focusing more on the central role of robotics in digitizing interventional medicine and Stereotaxis' efforts to advance digital surgery with image guided therapies, telemedicine, automation and big data insights."

### **About Stereotaxis**

[Stereotaxis](#) is the global leader in innovative robotic technologies designed to enhance the treatment of arrhythmias and perform endovascular procedures. Its mission is the discovery, development and delivery of robotic systems, instruments, and information solutions for the interventional laboratory. These innovations help physicians provide unsurpassed patient care with robotic precision and safety, improved lab efficiency and productivity, and enhanced integration of procedural information. The core components of Stereotaxis' systems have received regulatory clearance in the United States, European Union, Japan, Canada, China, and elsewhere. For more information, please visit [www.stereotaxis.com](http://www.stereotaxis.com).

*This press release includes statements that may constitute "forward-looking" statements, usually containing the words "believe," "estimate," "project," "expect" or similar expressions. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, the Company's ability to continue to manage expenses and cash burn rate at sustainable levels, continued acceptance of the Company's products in the marketplace, the effect of global economic conditions on the ability and willingness of customers to purchase its systems and the timing of such purchases, competitive factors, changes resulting from healthcare policy in the United States, including changes in government reimbursement of procedures, dependence upon third-party vendors, timing of regulatory approvals, the impact of the recent coronavirus (COVID-19) pandemic and our response to it, and other risks discussed in the Company's periodic and other filings with the Securities and Exchange Commission. By making these forward-looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this release. There can be no assurance that the Company will recognize revenue related to its purchase orders and other commitments in any particular period or at all because some of these purchase orders and other commitments are subject to contingencies that are outside of the Company's control. In addition, these orders and commitments may be revised, modified, delayed or canceled, either by their express terms, as a result of negotiations, or by overall project changes or delays.*
