## EXPLANATORY NOTE

This Post-Effective Amendment No. 2 to Registration Statement on Form S-1 relates solely to the sale by selling stockholders of up to of 36,923,078 shares of our common stock issued or issuable upon the exercise of warrants (the “SPA Warrants”) issued in a private placement sale pursuant to a securities purchase agreement dated September 26, 2016, with the investors listed on the Schedule of Buyers thereto. The SPA Warrants had an initial warrant exercise price of \$0.70 per share, subject to certain adjustments, and a term of five (5) years. On February 28, 2018, the Registrant entered into a Consent and Amendment with the holders of a majority of the shares of common stock issuable upon exercise of the SPA Warrants. Pursuant to the terms of the SPA Warrants, the provisions of the Consent and Amendment are binding on all holders of the SPA Warrants.

The Consent and Amendment amended and restated the SPA Warrants to provide for a reduction in the exercise price of the SPA Warrants from \$0.70 per share to \$0.28 per share for a period that commenced at 8:00 a.m. (Eastern Standard Time) on March 1, 2018 and ended at 1:00 p.m. (Eastern Standard Time) on March 5, 2018 (the “Restricted Exercise Period”), provided that (i) exercises of the SPA Warrants at the reduced exercise price would only be effected if the aggregate exercise price for all SPA Warrants exercised during the Restricted Exercise Period was at least \$6,000,000; (ii) cashless exercise was not permitted during the Restricted Exercise Period; and (iii) the exercising holder was required to enter into a lock-up agreement with the Company agreeing not to sell the SPA Warrants or the shares received on exercise of the SPA Warrants (the “Warrant Shares”) for a period of 18 months following March 12, 2018. The Consent and Amendment also provided that the limitations on beneficial ownership of the Company’s common stock set forth in the SPA Warrants would not apply to Warrant Shares issued to a holder upon exercises of SPA Warrants during the Restricted Exercise Period, and eliminated the right of holders to require the Company to redeem their SPA Warrants in exchange for cash in certain circumstances.

The Consent and Amendment was entered into, and the amended and restated SPA Warrants were issued in reliance upon, the exemption from registration afforded by Section 3(a)(9) of the Securities Act and corresponding provisions of state securities laws. No consideration was received by the Registrant in connection with entering into the Consent and Amendment or the amendment and restatement of the SPA Warrants.

This Post-Effective Amendment No. 2 to Registration Statement on Form S-1 is being filed to confirm the registration of the resale of the shares of common stock underlying the SPA Warrants, including the Warrant Shares and shares underlying SPA Warrants that have not been exercised. Because the Consent and Amendment altered the rights of the holders of the SPA Warrants, the Securities and Exchange Commission may conclude that the Consent and Amendment represented the issuance of a new security. This Post-Effective Amendment No. 2 to Registration Statement on Form S-1 also includes a description of the Consent and Amendment, updates to the selling stockholder table, and certain other updates to reflect events occurring since the original time of filing of this Registration Statement.

The Consent and Amendment did not effect any change in the number of shares issuable upon exercise of the SPA Warrants, and no changes have been made to any other securities described in this Registration Statement. All filing fees payable in connection with the registration of these securities were previously paid by the Registrant at the original time of filing of this Registration Statement.

**THE INFORMATION IN THIS PROSPECTUS IS NOT COMPLETE AND MAY BE CHANGED. THE SECURITIES MAY NOT BE SOLD UNTIL THE REGISTRATION STATEMENT FILED WITH THE SECURITIES AND EXCHANGE COMMISSION IS EFFECTIVE. THIS PROSPECTUS IS NOT AN OFFER TO SELL THESE SECURITIES AND IT IS NOT SOLICITING AN OFFER TO BUY THESE SECURITIES IN ANY STATE WHERE THE OFFER OR SALE IS NOT PERMITTED.**

**PROSPECTUS**

**COMMON STOCK, \$0.001 PAR VALUE  
86,065,014 SHARES**

---

This prospectus relates to the resale, from time to time, of 86,065,014 shares of our common stock by the selling stockholders named herein. On September 26, 2016, we entered into a securities purchase agreement with the investors listed on the Schedule of Buyers thereto (together the “Buyers”), pursuant to which we sold in a private placement sale to the Buyers (i) a total of 24,000 shares of our Series A Convertible Preferred Stock, par value \$0.001 with a stated value of \$1,000 per share (the “Series A Convertible Preferred Stock”), initially convertible into 36,923,078 shares of common stock based upon an initial conversion price of \$0.65 per share, subject to certain adjustments, and (ii) related warrants (the “SPA Warrants”) to purchase an aggregate of 36,923,078 shares of our common stock at an initial warrant exercise price of \$0.70 per share subject to certain adjustments and for a term of five (5) years. The exercise price of the SPA Warrants was temporarily reduced to \$0.28 as described herein.

Pursuant to the terms of the Registration Rights Agreement we entered into with the Buyers, we are required to register (a) 100% of the number of shares of common stock underlying the Series A Convertible Preferred Stock and (b) 100% of the number of shares of common stock issued or issuable upon exercise of the SPA Warrants. Due to the dividend accrual provisions of the Series A Convertible Preferred Stock which will increase the number of shares of common stock issuable upon conversion, we are registering shares of common stock representing 130% of the number of shares initially issuable upon exercise of all issued and outstanding shares of Series A Convertible Preferred Stock.

We have also agreed to register the resale of 100% of the number of shares of common stock currently underlying (i) warrants (the “2013 Warrants”) to purchase an aggregate of 100,578 shares of our common stock at warrant exercise prices ranging from \$1.55 per share to \$5.24 per share and for a term of five (5) years, issued pursuant to certain amendments to the Note and Warrant Purchase Agreement dated February 21, 2008 (and amended from time to time thereafter), by and among the Company and certain purchasers named therein, and (ii) warrants (the “Exchange Warrants”) to purchase 1,041,357 shares of common stock at a warrant exercise price of \$3.361 per share pursuant to an Amendment and Exchange Agreement, dated August 7, 2013, by and among the Company and certain holders named therein.

We are not selling any securities under this prospectus and will not receive any of the proceeds from the sale of shares by any selling stockholder; however, we will receive proceeds upon any exercise of the SPA Warrants, the 2013 Warrants or the Exchange Warrants for cash. As of the date hereof, we have received approximately \$10.0 million in proceeds from the exercise of SPA Warrants at the temporary reduced exercise price, which will be used for general corporate purposes. Assuming all the remaining SPA Warrants, 2013 Warrants and Exchange Warrants to which the shares relate are exercised for cash, we will receive approximately \$4.5 million in additional proceeds from the exercise of such warrants prior to those sales, which proceeds would be used for general corporate purposes. The selling stockholders may sell their respective shares of common stock described in this prospectus in a number of different ways and at varying prices. We provide more information about how the selling stockholders may resell their respective shares of our common stock in the section titled “Plan of Distribution” beginning on page 15. We will pay the expenses incurred in registering the shares, including legal and accounting fees.

Our common stock is traded on the OTCQX® Best Market under the symbol “STXS.” On May 29, 2018, the last reported sale price for our common stock on the OTCQX® Best Market was \$0.84 per share.

## PROSPECTUS SUMMARY

This summary highlights selected information about Stereotaxis, Inc. and a general description of the securities that may be offered for resale or other disposition by the selling stockholders. This summary is not complete and does not contain all of the information that may be important to you. For a more complete understanding of us and the securities offered by the selling stockholders, you should carefully read this entire prospectus, including the “Risk Factors” section, any applicable prospectus supplement for these securities and the other documents we refer to and incorporate by reference. In particular, we incorporate important business and financial information into this prospectus by reference.

### The Company

We design, manufacture and market robotic systems and instruments for use primarily by electrophysiologists for the treatment of abnormal heart rhythms known as cardiac arrhythmias. We offer our proprietary *Epoch*<sup>®</sup> Solution, an advanced remote robotic navigation system, for use in a hospital’s interventional surgical suite, or “interventional lab”. We believe the *Epoch* Solution revolutionizes the treatment of arrhythmias and coronary artery disease by enabling enhanced safety, efficiency and efficacy for catheter-based, or interventional procedures.

The *Epoch* Solution is comprised of the *Niobe*<sup>®</sup> ES Remote Magnetic Navigation System (“*Niobe* ES system”), *Odyssey*<sup>®</sup> Information Management Solution (“*Odyssey* Solution”), and the *Vdrive*<sup>®</sup> Robotic Navigation System (“*Vdrive* system”), and related devices. We consider our technology an important advancement in the ongoing trend toward fully digitized, integrated and automated interventional labs. We believe our technology provides substantial, clinically important improvements over manual interventional methods, which often result in long and unpredictable procedure times with suboptimal therapeutic outcomes. We believe our products also support efficient and effective information management and physician collaboration. The core elements of our technology, especially the *Niobe* ES system, are protected by an extensive patent portfolio, as well as substantial expertise and trade secrets.

We promote the full *Epoch* Solution in a typical hospital implementation, subject to regulatory approvals or clearances. The full *Epoch* Solution implementation requires a hospital to agree to an upfront capital payment and recurring payments. The upfront capital payment typically includes equipment and installation charges. The recurring payments typically include disposable costs for each procedure, equipment service costs beyond warranty period, and software licenses. In hospitals where the full *Epoch* Solution has not been implemented, equipment upgrade or expansion can be implemented upon purchasing of the necessary upgrade or expansion.

As of December 31, 2017, we had approximately \$1.5 million of backlog, consisting of outstanding purchase orders and other commitments for these systems. We had backlog of approximately \$4.5 million and \$6.0 million as of December 31, 2016 and 2015, respectively. Of the December 31, 2017 backlog, we expect approximately 68.0% to be recognized as revenue over the course of 2018. There can be no assurance that we will recognize such revenue in any particular period or at all because some of our purchase orders and other commitments are subject to contingencies that are outside our control. These orders and commitments may be revised, modified or canceled, either by their express terms, as a result of negotiations or by project changes or delays. In addition, the sales cycle for the *Epoch* Solution is lengthy and generally involves construction or renovation activities at customer sites. Consequently, revenues and/or orders resulting from sales of our *Epoch* Solution can vary significantly from one reporting period to the next.

We have business arrangements with technology leaders in the global interventional market, including two multinational fluoroscopy system manufacturers and one provider of catheters and electrophysiology mapping systems. Through these arrangements, we integrate our *Niobe* system with market-leading cath lab imaging systems and catheter location sensing technology. The catheter arrangement also provides development and distribution of disposable interventional devices.

We have received regulatory clearance, licensing and/or CE Mark approvals necessary for us to market the *Niobe* system, *Cardiodrive*, and various disposable devices in the U.S., Canada, Europe, China, Japan, and various other countries. We have received regulatory clearance, licensing and/or CE Mark approvals necessary for us to market the *Odyssey* Solution in the U.S., Canada, European Union, China, Japan and other selected countries and we

are in the process of obtaining necessary approvals for extending our markets in other countries. We have received regulatory clearance, licensing and/or CE Mark approvals necessary for us to market the *Vdrive* and *Vdrive Duo* systems with the *V-CAS*, *V-Loop* and *V-Sono* devices in the U.S., Canada and European Union. The *V-CAS Deflect* catheter advancement system has been CE Marked for sale in the European Union.

We were incorporated in Delaware in June 1990. Our principal executive offices are located at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108, and our telephone number is (314) 678-6100. ### **Securities Being Offered**

This prospectus relates to the offer, resale or other disposition of 86,065,014 shares of our common stock issued or issuable (i) upon the conversion of our Series A Convertible Preferred Stock (as defined below); (ii) upon exercise of certain related warrants; and (iii) upon exercise of other warrants issued in March, June, July and August 2013 as described below, in each case held by the selling stockholders named in this prospectus or their transferees. The shares of Series A Convertible Preferred Stock and the warrants were issued in the transactions described below, and the selling stockholders are identified in the section entitled “Selling Stockholders” on page 9, below. We are registering the offer, resale or other disposition of these securities by the selling stockholders or their transferees. We will not receive any proceeds from the sale of the shares of common stock by the selling stockholders, but will receive proceeds upon any exercise for cash of the warrants held by the selling stockholders. The registration of these shares of common stock does not necessarily mean that any of them will be offered or sold by the selling stockholders. The securities may be sold directly or through brokers, dealers or agents in private or market transactions. In connection with any sales, the selling stockholders and any brokers, dealers or agents participating in such sales may be deemed to be “underwriters” within the meaning of the Securities Act of 1933 (the “Securities Act”). See “Plan of Distribution.”

One of the Buyers (as defined below) in the Financing Transaction described below, Fred A. Middleton, has served on our Board of Directors since 1990 and also serves as a General Partner in Sanderling Ventures. Another affiliate of Sanderling Ventures, Sanderling Venture Partners VI Co-Investment Fund LP, holds 2013 Warrants and is named as a selling stockholder in this prospectus. Two additional Buyers in the Financing Transaction, Joe Kiani and Arun S. Menawat, Ph.D., joined our Board of Directors in connection with the closing of the Financing Transaction. David L. Fischel, who also joined our Board of Directors in connection with the closing of the Financing Transaction and now serves as our Chief Executive Officer and Chairman of the Board, is a Principal of DAFNA Capital Management, LLC. DAFNA Capital Management, LLC is the investment manager and general partner of two of the Buyers in the Financing Transaction and another entity that is a holder of Exchange Warrants, which entities collectively own, as of April 30, 2018, approximately 23.2% of our common stock and are each named as selling stockholders in this prospectus. Nathan Fischel, M.D., the father of David L. Fischel, is the Founder and Chief Executive Officer of DAFNA Capital Management, LLC and also serves on our Board of Directors.

#### *Financing Transaction*

On September 26, 2016, we entered into a Securities Purchase Agreement (the “SPA”), pursuant to which we sold in a private placement sale to the investors identified on the Schedule of Buyers thereto (together the “Buyers”) (i) a total of 24,000 shares of our Series A Convertible Preferred Stock, par value \$0.001 with a stated value of \$1,000 per share (the “Series A Convertible Preferred Stock”), initially convertible into 36,923,078 shares of common stock based upon an initial conversion price of \$0.65 per share, subject to certain adjustments, and (ii) related warrants (the “SPA Warrants”) to initially purchase an aggregate of 36,923,078 shares of our common stock at an initial warrant exercise price of \$0.70 per share subject to certain adjustments and for a term of five (5) years. The Series A Convertible Preferred Stock and the SPA Warrants were sold at an aggregate price of \$24 million. This transaction (the “Financing Transaction”) closed on September 29, 2016.

## [Table of Contents](#)

Net proceeds from the sale of the securities under the SPA were approximately \$23.1 million, after offering expenses.

In connection with the Financing Transaction, we entered into a registration rights agreement with the purchasers of the Series A Convertible Preferred Stock and the SPA Warrants (the “Registration Rights Agreement”), under which we agreed to undertake to file one or more registration statements on behalf of the selling stockholders with respect to the offer, resale or other disposition of the common stock issued or issuable upon the conversion of the Series A Convertible Preferred Stock and upon the exercise of the SPA Warrants.

On February 28, 2018, we entered into a Consent and Amendment with the holders of a majority of the shares of common stock issuable upon exercise of the SPA Warrants. Pursuant to the terms of the SPA Warrants, the provisions of the Consent and Amendment are binding on all holders of the SPA Warrants. The Consent and Amendment amended and restated the SPA Warrants to provide for a reduction in the exercise price of the SPA Warrants from \$0.70 per share to \$0.28 per share for a period that commenced at 8:00 a.m. (Eastern Standard Time) on March 1, 2018 and ended at 1:00 p.m. (Eastern Standard Time) on March 5, 2018 (the “Restricted Exercise Period”), provided that (i) exercises of the SPA Warrants at the reduced exercise price would only be effected if the aggregate exercise price for all SPA Warrants exercised during the Restricted Exercise Period was at least \$6,000,000 (the “Exercise Condition”), (ii) cashless exercise was not permitted during the Restricted Exercise Period and (iii) the exercising holder was required to enter into a lock-up agreement with the Company agreeing not to sell the SPA Warrants or the shares received on exercise of the SPA Warrants (the “Warrant Shares”) for a period of 18 months following March 12, 2018. The Consent and Amendment also provided that the limitations on beneficial ownership of the Company’s common stock set forth in the SPA Warrants would not apply to Warrant Shares issued to a holder upon exercises of such holder’s SPA Warrants during the Restricted Exercise Period, and eliminated the right of holders to require the Company to redeem their SPA Warrants in exchange for cash in certain circumstances.

The Company received exercise notices under the SPA Warrants at the reduced exercise price during the Restricted Exercise Period for an aggregate exercise price of \$10,021,739, and as a result, the Exercise Condition was satisfied. At settlement, the Company issued 35,791,927 shares of common stock to such holders as a result of such exercise.

The Consent and Amendment also released and waived (i) any registration default, and (ii) the requirement or obligation to make any registration delay payments or other liabilities or damages under the Registration Rights Agreement, in the event the Company determines, exercising its reasonable judgment, that it is necessary to file a new registration statement or post-effective amendment to register for resale the shares of common stock issued or issuable upon exercise of the SPA Warrants as amended, provided that any such new registration statement (or post-effective amendment) shall be filed by the Company no later than 30 days after the date of the Consent and Amendment, and shall have become effective no later than 60 days thereafter.

### *2013 Warrants*

We issued warrants (the “2013 Warrants”) to purchase an aggregate of 176,339 shares of our common stock at warrant exercise prices ranging from \$1.55 per share to \$5.24 per share, pursuant to the Seventh Amendment dated March 29, 2013, the Eighth Amendment dated June 28, 2013, and the extension of guaranty obligation dated July 31, 2013, to the Note and Warrant Purchase Agreement dated February 21, 2008, by and among the Company and certain purchasers named therein, as amended. Under a letter agreement dated November 12, 2014, among us, Alafi Capital Company LLC and entities affiliated with Sanderling Ventures, we agreed to file a registration statement relating to the resale of the shares underlying the 2013 Warrants. Two of the selling stockholders own 2013 Warrants exercisable for an aggregate of 100,578 shares of our common stock that were not covered by resale registration statements prior to the effectiveness of the registration statement of which this prospectus is a part.

### *Exchange Warrants*

On May 10, 2012, we sold approximately \$8.5 million in aggregate principal amount of unsecured, subordinated, convertible debentures (the “Debentures”) to several investors, including three of the selling stockholders named herein, under a Securities Purchase Agreement (the “Convertible Debt SPA”). The Debentures

## [Table of Contents](#)

became convertible into shares of our common stock at a conversion price of \$3.361 per share (or 2,521,571 shares in the aggregate), on July 10, 2012, the date we received certain required stockholder approvals. The purchasers of the Debentures also received six-year warrants to purchase 2,521,571 shares of our common stock at an exercise price of \$3.361 per share (the “Convertible Debt Warrants”). In addition, we had the ability to issue shares of our common stock in lieu of cash interest payments under certain circumstances, and were required to do so under the subordination agreement described below until the senior debt to which that agreement relates is repaid in full.

The Debentures had an interest rate of 8% per year and were set to mature in May 2014. The Company was required to, and did, make interest payments in shares of common stock prior to the termination of the Debentures in August 2013. The Convertible Debt Warrants became exercisable on the six month and first day anniversary following their issuance.

In August 2013, \$8,090,000 of the Debentures remained outstanding. The holders of the Debentures (i) converted \$7,990,000 aggregate principal amount of such Debentures into 2,377,269 shares of our common stock at a conversion price of \$3.361 per share and (ii) cash exercised all of the outstanding Convertible Debt Warrants for an aggregate of 2,521,571 shares of our common stock at an exercise price of \$3.361 per share, for an aggregate of \$8.475 million of gross proceeds to us. In addition, pursuant to an Amendment and Exchange Agreement dated August 7, 2013, the holders also exchanged the remaining \$100,000 principal amount of our Debentures for an aggregate of 333,182 shares of our common stock and new warrants to purchase an aggregate of 2,521,571 shares of our common stock, having an exercise price of \$3.361 per share (the “Exchange Warrants”), and certain other terms of the Convertible Debt SPA were amended. This prospectus covers the resale of 1,041,357 shares of our common stock issuable upon exercise of Exchange Warrants held by three selling stockholders named herein.

### *HRP Transaction*

Concurrent with the closing of the Financing Transaction, we paid to Healthcare Royalty Partners II, L.P. (“HRP”) the sum of \$13,000,000, in full satisfaction of any and all of our obligations and the obligations of our subsidiaries owed to HRP (the “HRP Transaction”). The concurrent consummation of the HRP Transaction was a condition to the Buyers’ respective obligations to consummate the closing of the Financing Transaction.

## **RISK FACTORS**

Investing in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the risks described in, or incorporated by reference in, this prospectus, including the risks described below and under the caption “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2017, and in any other reports that we file with the Securities and Exchange Commission (the “SEC”), along with the other information included or incorporated by reference in this prospectus, in evaluating an investment in our common stock. The information included or incorporated by reference in this prospectus may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future. For a description of these reports and documents, and information about where you can find them, see the sections entitled “Where You Can Find Additional Information” and “Incorporation of Certain Documents by Reference” in this prospectus.

The risks and uncertainties described in this prospectus and the documents incorporated by reference in this prospectus represent all the material risks known to us, but they are not the only ones facing us. Additional risks and uncertainties that we do not presently know about or that we currently believe are not material may also adversely affect our business. If any of the risks and uncertainties described in this prospectus or the documents incorporated by reference herein actually occur, our business, financial condition and results of operations could be adversely affected in a material way. As a result, the trading price of our common stock and/or the value of any other securities we may issue may decline, and you might lose part or all of your investment.

## [Table of Contents](#)

### **We may not generate cash from operations or be able to raise the necessary capital to continue operations.**

We may require additional funds to meet our operational, working capital and capital expenditure needs in the future. We cannot be certain that we will be able to obtain additional funds on favorable terms or at all. If we cannot raise capital on acceptable terms, we will not be able to, among other things:

- service our debt obligations and meet our financial covenants;
- maintain customer and vendor relationships;
- hire, train and retain employees;
- maintain or expand our operations;
- enhance our existing products or develop new ones; or
- respond to competitive pressures.

Our failure to do any of these things could result in lower revenue and adversely affect our financial condition and results of operations, and we may have to curtail or cease operations.

### **We may not be able to continue as a going concern if we do not improve the operating performance of the Company or raise additional capital.**

The Company has sustained operating losses throughout its corporate history and expects that its 2018 expenses will exceed its 2018 gross margin. The Company expects to continue to incur operating losses and negative cash flows until revenues reach a level sufficient to support ongoing operations or expense reductions are in place. The Company's liquidity needs will be largely determined by the success of clinical adoption within the installed base of *Niobe* ES systems as well as by new placements of capital systems. The Company's plans for improving the liquidity conditions primarily include its ability to control the timing and spending of its operating expenses and raising additional funds through debt or equity financing.

There can be no assurance that any of our plans will be successful or that additional capital will be available to us on reasonable terms, or at all, when needed. If we are unable to improve the operating performance of the Company or if we are unable to obtain sufficient additional capital, it may impair our ability to raise new capital, obtain new customers, and hire and retain employees, which could force us to substantially revise our business plan or cease operations, which may reduce or negate the value of your investment.

### **We may become subject to governmental action or private litigation if the temporary reduction in the exercise price of the SPA Warrants were deemed to constitute a tender offer.**

The Company has been advised by the staff of the SEC that the temporary reduction in the exercise price of the SPA Warrants during the Restricted Exercise Period described above may have constituted a tender offer subject to Rule 13e-4 under the Securities Exchange Act of 1934. If the staff takes the position that the Company failed to comply with the tender offer rules, the Company could become subject to enforcement action by the SEC or other governmental entities and, potentially, to private litigation. If the SEC were to take action, it could seek civil monetary penalties or a "cease and desist" order, which would require the Company to comply with the tender offer rules in the event of any future temporary reduction in the warrant exercise price for the SPA Warrants or any other convertible securities issued by the Company. The Company cannot provide any assurance that such actions will not occur. If private litigation ensues, the likelihood of its success, or the amount of any damages that might be awarded, cannot be predicted.

### **We have incurred substantial losses in the past and may not be profitable in the future.**

We have incurred substantial net losses since inception, and we expect to incur losses into 2018 as we continue the commercialization of our products. We are still in the process of realizing the full potential of the commercialization of our technology, and will need to continue to make improvements to that technology. Moreover, the extent of our future losses and the timing of profitability are highly uncertain. Although we have achieved operating profitability during certain quarters, we may not achieve profitable operations on an annual basis, and if we achieve profitable operations, we may not sustain or increase profitability on a quarterly or annual basis. If we require more time than we expect to generate significant revenue and achieve annual profitability, or if we are unable to sustain profitability once achieved, we may not be able to continue our operations. Our failure to achieve annual profitability or sustain profitability on an annual or quarterly basis could negatively impact the market price of our common stock. Furthermore, even if we achieve significant revenue, we may choose to pursue a strategy of increasing market penetration and presence or expand or accelerate new product development or clinical research activities at the expense of profitability.

**We may not be able to comply with debt covenants and may have to repay outstanding indebtedness.**

Our current borrowing agreement contains various covenants, including financial covenants under our credit agreement with our primary lender. If we violate our covenants, it could impact our ability to borrow and we could be required to repay any related outstanding debt. We could be unable to make these payments, which could lead to insolvency. Even if we are able to make these payments, it will lead to the lack of availability for additional borrowings under our bank loan agreement due to our borrowing capacity. There can be no assurance that we will be able to maintain compliance with these covenants or that we could replace this source of liquidity if these covenants were to be violated and our loans and other borrowed amounts were forced to be repaid.

**Future issuances of our securities could dilute current stockholders' ownership.**

We are registering for offer, resale or other disposition 86,065,014 shares of our common stock issued or issuable (i) upon the conversion of our Series A Convertible Preferred Stock; (ii) upon exercise of the SPA Warrants; (iii) upon exercise of the 2013 Warrants; and (iv) upon exercise of the Exchange Warrants, in each case held by the selling stockholders identified in this prospectus or their transferees. As of March 31, 2018, we had 40.1 million shares of our common stock issuable upon conversion of our Series A Convertible Preferred Stock bearing dividends at a rate of six percent (6.0%) per annum, which are cumulative and accrue daily from the date of issuance on the \$1,000 stated value. Such dividends will not be paid in cash, except in connection with any liquidation, dissolution or winding up of the Company or any redemption of the Series A Convertible Preferred Stock. Instead, the value of the accrued dividends is added to the liquidation preference of the Series A Convertible Preferred Stock and will increase the number of shares of common stock issuable upon conversion, which will dilute the ownership of our common stockholders.

In addition, a significant number of shares of our common stock are subject to warrants, stock options and stock appreciation rights, and we may request the ability to issue additional such securities. We may also decide to raise additional funds through public or private debt or equity financing to fund our operations. While we cannot predict the effect, if any, that future exercises of warrants or future sales of debt, our common stock, other equity securities or securities convertible into our common stock or other equity securities or the availability of any of the foregoing for future sale, will have on the market price of our common stock, it is likely that sales of substantial amounts of our common stock (including shares issued upon the exercise of warrants, stock options, stock appreciation rights or the conversion of any convertible securities outstanding now or in the future, including the Series A Convertible Preferred Shares), will dilute the ownership of our existing stockholders and that the perception that such sales could occur, will adversely affect prevailing market prices for our common stock.

Further, the Series A Convertible Preferred Shares rank senior to our common stock as to distributions and payments upon the liquidation, dissolution and winding up of the Company. No such distributions or payments upon the liquidation, dissolution and winding up of the Company may be made to holders of common stock unless and until the holders of the Series A Convertible Preferred Shares have received the stated value of \$1,000 per share plus any accrued and unpaid dividends. Until all Series A Convertible Preferred Shares have been converted or redeemed, no dividends may be paid on the common stock without the express written consent of the holders of a majority of the outstanding Series A Convertible Preferred Shares. In the event that dividends or other distributions of assets are made or paid by the Company to the holders of the common stock, the holders of Series A Convertible Preferred Shares are entitled to participate in such dividend or distribution on an as-converted basis. Any such distributions or payments upon the liquidation, dissolution or winding up of the Company may dilute the ownership interests of our existing stockholders.

**Nasdaq delisted our common stock from The Nasdaq Capital Market and our common stock began trading on the OTCQX® Best Market in August 2016. Trading of our shares on the over-the-counter markets could negatively impact the liquidity of our common stock and our ability to access the capital markets and, in turn, could impair the value of your investment.**

On August 4, 2016, trading in our common stock on The Nasdaq Capital Market ("Nasdaq") was suspended as a result of a determination from Nasdaq to delist our common stock due to our failure to meet certain applicable requirements. On August 4, 2016, shares of our common stock commenced trading on the OTCQX® Best Market under the Company's existing ticker symbol of "STXS." Trading of our shares on the over-the-counter markets could negatively impact the liquidity of our common stock and our ability to access the capital markets, which could impair the value of your investment.

## [Table of Contents](#)

The trading of our common stock on the over-the-counter market, including the OTCQX® Best Market, may adversely affect the market liquidity of our common stock, limit our ability to issue additional securities (including pursuant to registration statements on Form S-3) and adversely affect our ability to obtain financing for the continuation of our operations, which could harm our business or cause us to cease operations.

Furthermore, our common stock may not continue to trade on the OTCQX® Best Market in the future, broker-dealers may cease to provide public quotes of our common stock on this market, or the trading volume of our common stock may be insufficient to provide for an efficient trading market. Any such developments could impair the value of your investment.

**We are limited by our inability to use a short form registration statement on Form S-3, which may affect our ability to access the capital markets, if needed.**

A Registration Statement on Form S-3 permits an eligible issuer to incorporate by reference its past and future filings and reports made under the Securities Exchange Act of 1934, as amended, or the Exchange Act. In addition, Form S-3 enables eligible issuers to conduct primary offerings “off the shelf” under Rule 415 of the Securities Act of 1933, as amended, or the Securities Act. The shelf registration process under Form S-3 combined with the ability to incorporate information on a forward basis, allows issuers to avoid additional delays and interruptions in the offering process and to access the capital markets in a more expeditious and efficient manner than raising capital in a standard offering on Form S-1.

To be eligible to use Form S-3 for a registered offering of our securities to investors, either (1) the aggregate market value of our common stock held by non-affiliates would have to exceed \$75 million or (2) our common stock would have to be listed and registered on a national securities exchange. Currently, we do not meet either of those eligibility requirements and are therefore precluded from using a Form S-3 in connection with a registered offering of our securities to investors.

Due to our present inability to use Form S-3, if we wanted to conduct a registered offering of securities to investors, we will be required to use long form registration and may experience delays. In addition, our ability to undertake certain types of financing transactions may be limited or unavailable to us without the ability to use Form S-3. Furthermore, because of the delay associated with long form registration and the limitations on the financing transactions we may undertake, the terms of any financing transaction we are able to conduct may not be advantageous to us or may cause us not to obtain capital in a timely fashion to execute our business strategies and continue to operate as a going concern.

## **FORWARD-LOOKING STATEMENTS**

The prospectus contains “forward-looking” statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to, among other things:

- our business strategy;
- our value proposition;
- our ability to fund operations;
- our ability to convert backlog to revenue;
- the ability of physicians to perform certain medical procedures with our products safely, effectively and efficiently;
- the adoption of our products by hospitals and physicians;

## [Table of Contents](#)

- the market opportunity for our products, including expected demand for our products;
- the timing and prospects for regulatory approval of our additional disposable interventional devices;
- the success of our business partnerships and strategic relationships;
- our estimates regarding our capital requirements;
- our plans for hiring additional personnel; and
- any of our other plans, objectives, expectations and intentions contained or incorporated into this prospectus that are not historical facts.

These statements relate to future events or future financial performance, and involve known and unknown risks, uncertainties, and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may”, “will”, “should”, “could”, “expects”, “plans”, “intends”, “anticipates”, “believes”, “estimates”, “predicts”, “potential”, or “continue”, or the negative of such terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. These statements are only predictions.

Factors that may cause our actual results to differ materially from our forward-looking statements include, among others, changes in general economic and business conditions and the risks and other factors set forth in “Risk Factors” in this prospectus and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2017.

Our actual results may be materially different from what we expect. We undertake no duty to update these forward-looking statements after the date of this prospectus, even though our situation may change in the future. We qualify all of our forward-looking statements by these cautionary statements.

### **USE OF PROCEEDS**

We will not receive any proceeds from the selling stockholders’ sales of our common stock. However, at the time the shares of Series A Convertible Preferred Stock, the SPA Warrants, the 2013 Warrants and the Exchange Warrants were originally issued to the selling stockholders, we did receive payment for the purchase price for those securities. We received approximately \$10.0 million in proceeds from the exercise of SPA Warrants under the Consent and Amendment in March 2018, which will be used for general corporate purposes. We could receive up to approximately \$4.5 million in additional proceeds from the cash exercise of all the remaining SPA Warrants, the 2013 Warrants and the Exchange Warrants held by the selling stockholders and covered by this prospectus, based on the current exercise prices, which proceeds would be used for general corporate purposes. However, all of the remaining SPA Warrants, 2013 Warrants and Exchange Warrants may not be exercised for cash. To date, SPA Warrants covering 35,791,927 shares of common stock to which this prospectus relates have been exercised by the selling stockholders; no 2013 Warrants or Exchange Warrants exercisable for shares of our common stock to which this prospectus relates have been exercised by the selling stockholders.

We will pay for expenses of this offering, except that the selling stockholders will pay any underwriting discounts or commissions or equivalent expenses applicable to the sale of their shares.

## SELLING STOCKHOLDERS

The shares of common stock being offered by the selling stockholders are those issued or issuable to the selling stockholders (i) upon the conversion of our Series A Convertible Preferred Stock; (ii) upon the exercise of the SPA Warrants; (iii) upon the exercise of the 2013 Warrants; and (iv) upon the exercise of the Exchange Warrants. For additional information regarding the issuance of the Series A Convertible Preferred Stock, the SPA Warrants, the 2013 Warrants and the Exchange Warrants, see “Prospectus Summary – Securities Being Offered” above. We are registering the shares of common stock in order to permit the selling stockholders to offer the shares for resale from time to time. Except for the ownership of the Series A Convertible Preferred Stock and the SPA Warrants issued pursuant to the SPA and as disclosed below, the selling stockholders have not had any material relationship with us within the past three years.

The table below lists the selling stockholders and other information regarding their beneficial ownership (as determined under Section 13(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations thereunder) of shares of our common stock. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof, or has the right to acquire such powers within 60 days. The second column lists the number of shares of common stock beneficially owned by the selling stockholders as of April 30, 2018 (without giving effect to any limitations on conversion or exercise with respect to the applicable securities), including shares representing dividends accruing on the Series A Convertible Preferred Stock within 60 days of April 30, 2018. The third column lists the shares of common stock being offered by this prospectus by the selling stockholders.

In accordance with a registration rights agreement with the holders of the Series A Convertible Preferred Stock and the SPA Warrants, this prospectus covers the offer, resale or other disposition of the sum of (i) 130% of the number of shares of common stock initially issuable upon conversion of the Series A Convertible Preferred Stock and (ii) 100% of the number of shares of common stock currently issued or issuable upon the exercise of the SPA Warrants, in each case, determined as if the outstanding Series A Convertible Preferred Stock and SPA Warrants were converted or exercised (as the case may be) in full (without regard to any limitations on conversion or exercise contained in the Certificate of Designations for the Series A Convertible Preferred Stock or the SPA Warrants) as of April 30, 2018. Because the conversion price of the Series A Convertible Preferred Stock will be adjusted as a result of dividend accrual, and because the conversion price of the Series A Convertible Preferred Stock and the exercise price of the SPA Warrants may be adjusted upon the occurrence of certain other events, the number of shares that will actually be issued may be more or less than the number of shares being offered by this prospectus. In addition, in accordance with the terms of agreements between us and the relevant holders, we have agreed to register the resale of 100,578 shares of common stock issuable upon exercise of the 2013 Warrants and 1,041,357 shares of common stock issuable upon exercise of the Exchange Warrants (without regard to any limitation on exercise contained in the Exchange Warrants). The fourth column assumes the sale of all of the shares offered by the selling stockholders pursuant to this prospectus. Percentage ownership is based on 58,926,619 shares of common stock outstanding as of April 30, 2018. The selling stockholders may sell all, some or none of their shares in this offering. See “Plan of Distribution.” This information is based upon our review of public filings, our stockholder, optionholder and warrant holder registers and information furnished by the selling stockholders.

- (1) Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Includes 100% of the shares of common stock issued or issuable upon conversion of the Series A Convertible Preferred Stock and exercise of the SPA Warrants, the 2013 Warrants and/or the Exchange Warrants, as applicable, in each case at the current conversion or exercise price, plus shares representing dividends accruing on the Series A Convertible Preferred Stock within 60 days of April 30, 2018.
- (2) Pursuant to the Certificate of Designations, Preferences and Rights of Series A Convertible Preferred Stock of Stereotaxis, Inc., a selling stockholder may not convert shares of Series A Convertible Preferred Stock if as a result of such conversion such selling stockholder, its affiliates and any other person whose beneficial ownership of shares of common stock would be aggregated with the selling stockholder's for purposes of Section 13(d) of the Exchange Act, would beneficially own more than 4.99% of our common stock (or 9.99% if such selling stockholder has previously provided not less than 61 days' prior notice to the Company of such increase). Under the terms of the SPA Warrants, a selling stockholder may not exercise such SPA Warrant to the extent that as a result of such exercise such selling stockholder, its affiliates and any other person whose beneficial ownership of shares of common stock would be aggregated with the selling stockholder's for purposes of Section 13(d) of the Exchange Act, would beneficially own more than 4.99% of our common stock (or 9.99% if such selling stockholder has previously provided not less than 61 days' prior notice to the Company of such increase). This ownership limitation was eliminated as to shares of common stock issued upon exercise of SPA Warrants during the Restricted Exercise Period. Under the terms of the Exchange Warrants, a selling stockholder may not exercise such Exchange Warrant to the extent that, upon such exercise, the number of shares of common stock beneficially owned by such selling stockholder and its affiliates would exceed 4.99% of the total number of shares of our common stock then outstanding, subject to increase on not less than 61 days' notice as provided in such Exchange Warrants. For purposes of the Selling Stockholder table, we have disregarded these limitations. Represents 130% of the shares of common stock issued or issuable upon conversion of the Series A Convertible Preferred Stock and 100% of the shares of common stock issued or issuable upon exercise of the SPA Warrants, the 2013 Warrants and/or the Exchange Warrants, as applicable, in each case at the current conversion or exercise price.
- (3) Assumes for each stockholder the conversion in full of all shares of Series A Convertible Preferred Stock and exercise in full of all SPA Warrants, 2013 Warrants and/or Exchange Warrants, as applicable, held by such stockholder and the sale of all shares offered hereby.

## **PLAN OF DISTRIBUTION**

The selling stockholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders may use any one or more of the following methods when disposing of shares or interests therein:

- transactions on any national securities exchange or U.S. inter-dealer quotation system of a registered national securities association on which the shares may be listed or quoted at the time of sale;
- over-the-counter market transactions;
- transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;

## [Table of Contents](#)

- privately negotiated transactions;
- subject to the restrictions imposed by the SPA, short-sales effected after the date the registration statement of which this Prospectus is a part is declared effective by the SEC;
- subject to the restrictions imposed by the SPA, through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted by applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of securities or interests therein, subject to the restrictions imposed by the SPA, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the shares in the course of hedging the positions they assume. The selling stockholders may also sell shares short and deliver these shares to close out their short positions, or loan or pledge the shares to broker-dealers that in turn may sell these shares. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering. Upon any exercise of the warrants by payment of cash, however, we will receive the exercise price of the warrants.

The selling stockholders also may resell all or a portion of the shares in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the shares of our common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, to the extent applicable we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling stockholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling stockholders to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (1) such time as all of the shares covered by this prospectus have been disposed of pursuant to and in accordance with the registration statement or Rule 144 under the Securities Act or (2) the date on which all of the shares may be sold without restriction or condition pursuant to Rule 144 of the Securities Act (assuming, for this purpose, that the applicable warrants are exercised for cash).

## DESCRIPTION OF SECURITIES

### General

As of the date of this prospectus, we are authorized to issue up to 310 million shares of capital stock, par value \$0.001 per share, divided into two classes designated, respectively, "common stock" and "preferred stock." Of such shares authorized, 300 million shares are designated as common stock, and 10 million shares are designated as preferred stock.

The following is a summary of the material terms of our capital stock and certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws. Since the terms of our certificate of incorporation and bylaws, and Delaware law, are more detailed than the general information provided below, you should only rely on the actual provisions of those documents and Delaware law. If you would like to read those documents, they are on file with the SEC, as described under the heading "Where You Can Find Additional Information" below.

### Common Stock

As of April 30, 2018, there were approximately 58.9 million shares of common stock outstanding that were held of record by approximately 470 stockholders, although we believe that there is a significantly larger number of beneficial owners of our common stock. The holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders. Our stockholders do not have cumulative voting rights in the election of directors. Accordingly, holders of a majority of the shares voting are able to elect all of the directors. Subject to preferences that may be granted to any then outstanding preferred stock, holders of common stock are entitled to receive ratably only those dividends as may be declared by the board of directors out of funds legally available therefor, as well as any distributions to the stockholders. In the event of our liquidation, dissolution or winding up, holders of common stock are entitled to share ratably in all of our assets remaining after we pay our liabilities and distribute the liquidation preference of any then outstanding preferred stock. Holders of common stock have no preemptive or other subscription or conversion rights. There are no redemption or sinking fund provisions applicable to the common stock.

## **Series A Convertible Preferred Stock**

On September 29, 2016, we filed a Certificate of Designations, Preferences and Rights of Series A Convertible Preferred Stock (the “Certificate of Designations”) to authorize the Series A Convertible Preferred Stock.

Pursuant to the Certificate of Designations, holders of Series A Convertible Preferred Stock are entitled to vote on an as-converted basis with holders of common stock, subject to specified beneficial ownership issuance limitations. The Series A Convertible Preferred Stock bears dividends at a rate of six percent (6.0%) per annum, which are cumulative and accrue daily from the date of issuance on the \$1,000 stated value. Such dividends will not be paid in cash, except in connection with any liquidation, dissolution or winding up of the Company or any redemption of the Series A Convertible Preferred Stock. Instead, the value of the accrued dividends is added to the liquidation preference of the Series A Convertible Preferred Stock and will increase the number of shares of common stock issuable upon conversion.

Each share of Series A Convertible Preferred Stock is convertible at the option of the holder from and after the original date of issuance, at an initial conversion price of \$0.65 per share, subject to adjustment in the event of stock splits, dividends, mergers, sales of all or substantially all of our assets or similar transactions, subject to specified beneficial ownership issuance limitations. If we fail to timely issue shares of Series A Convertible Preferred Stock or common stock issuable on conversion or remove legends from any such shares, in each case as and when required to do so under the Certificate of Designations, we will be required to pay liquidated damages to the affected holder in an amount equal to 0.25% of the product of (i) the number of shares of common stock to be issued or issuable on conversion of the relevant shares of Series A Convertible Preferred Stock and (ii) the weighted average price of the common stock on the last date before such failure, and may be required to pay additional or alternative damages in specified circumstances at the option of the holder. Each holder of Series A Convertible Preferred Stock has the right to require us to redeem such holder’s Series A Convertible Preferred Stock upon the occurrence of specified events, including mergers, sales of substantially all assets of the Company, and certain defaults under the Certificate of Designations and under the Registration Rights Agreement entered into in connection with the Financing Transaction. We also have the right to redeem the Series A Convertible Preferred Stock in the event of a Change of Control Transaction (as defined in the Certificate of Designations).

The Series A Convertible Preferred Stock ranks senior to our common stock as to distributions and payments upon the liquidation, dissolution and winding up of the Company. No such distributions or payments upon the liquidation, dissolution and winding up of the Company may be made to the holders of common stock unless and until the holders of Series A Convertible Preferred Stock have received the stated value of \$1,000 per share plus any accrued and unpaid dividends. Until all shares of Series A Convertible Preferred Stock have been converted or redeemed, no dividends may be paid on the common stock without the prior express written consent of the holders of a majority of the outstanding Series A Convertible Preferred Stock. In the event that dividends or other distributions of assets are made or paid by us to the holders of the common stock, the holders of Series A Convertible Preferred Stock are entitled to participate in such dividend or distribution on an as-converted basis (without giving effect to any limitations on conversion).

Under the SPA, we have agreed that for a period of 61 months following the closing date of the Financing Transaction, so long as at least 8,000 shares of Series A Convertible Preferred Stock issued on the closing date are outstanding, the Buyers will have a right to participate on a pro rata basis in equity financings or issuances of securities convertible, exercisable or exchangeable into equity securities of the Company or any subsidiaries (including debt securities with an equity component), subject to certain exceptions.

## **SPA Warrants**

The SPA Warrants have an initial exercise price equal to \$0.70 per share, subject to adjustments as provided therein. The exercise price was temporarily reduced to \$0.28 per share during the Restricted Exercise Period, which has now expired and the exercise price has returned to \$0.70 per share. Except as set forth in the Consent and Amendment, the SPA Warrants may be exercised by any holder on a cashless basis if, at any time after the date that is 180 days after the closing of the Financing Transaction, this registration statement is not effective and available for resale of all of the shares of common stock issued or issuable upon exercise of such holder’s SPA Warrants. The SPA Warrants are exercisable at any time up to and including September 29, 2021, the fifth anniversary of the closing date of the Financing Transaction.

## [Table of Contents](#)

If we fail to timely deliver shares of common stock to a holder upon exercise of its SPA Warrants, or remove legends from any such shares, in each case as and when required to do so, we will be required to pay liquidated damages to the affected holder in an amount equal to 0.25% of the product of (i) the number of shares of common stock to be issued or issuable on exercise of the relevant SPA Warrants and (ii) the weighted average price of the common stock on the last date before such failure, and may be required to pay additional or alternative damages in specified circumstances at the option of the holder.

### **2013 Warrants**

The 2013 Warrants have exercise prices ranging from \$1.55 per share to \$5.24 per share, subject to adjustments as provided therein. The 2013 Warrants may be exercised by any holder on a cashless basis and are exercisable at any time up to and including the fifth anniversary of the date of issuance (ranging from March 29, 2018 to July 31, 2018).

### **Exchange Warrants**

The Exchange Warrants have an exercise price of \$3.361 per share, subject to adjustments as provided therein. The Exchange Warrants may be exercised by any holder on a cashless basis and are exercisable at any time up to and including November 11, 2018. The Exchange Warrants contain a “blocker provision” under which a holder of an Exchange Warrant may not exercise such Exchange Warrant to the extent that, upon such exercise, the number of shares of common stock beneficially owned by such holder and its affiliates would exceed 4.99% of the total number of our common stock then outstanding, subject to increase on not less than 61 days’ notice as provided in such Exchange Warrants.

### **Anti-Takeover Provisions of Delaware Law and Charter Provisions**

*Interested Stockholder Transactions.* We are subject to Section 203 of the Delaware General Corporation Law, which prohibits a Delaware corporation from engaging in any “business combination” with any “interested stockholder” for a period of three years after the date that such stockholder became an interested stockholder, with the following exceptions:

- before such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction began, excluding for purposes of determining the number of shares outstanding those shares owned by persons who are directors and also officers and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- on or after such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of the stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines “business combination” to include the following:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition involving the interested stockholder of assets with a value of 10% or more of either the total assets or all outstanding stock of the corporation;

## Table of Contents

- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock or any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits by or through the corporation.

In general, Section 203 defines “interested stockholder” as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation or any entity or person affiliated with or controlling or controlled by such entity or person.

In addition, some provisions of our amended and restated certificate of incorporation and amended and restated bylaws may be deemed to have an anti-takeover effect and may delay or prevent a tender offer or takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders.

*Cumulative Voting.* Our amended and restated certificate of incorporation expressly denies stockholders the right to cumulative voting in the election of directors.

*Classified Board of Directors.* Our board of directors is divided into three classes of directors serving staggered three-year terms. As a result, one-third of the board of directors is elected each year, which has the effect of requiring at least two annual stockholder meetings, instead of one, to replace a majority of the members of the board. These provisions, when coupled with the provision of our amended and restated certificate of incorporation authorizing only the board of directors to fill vacant directorships or increase the size of the board of directors, may deter a stockholder from removing incumbent directors and simultaneously gaining control of the board of directors by filling the vacancies created by such removal with its own nominees. The certificate of incorporation also provides that directors may be removed by stockholders only for cause. Since the board of directors has the power to retain and discharge our officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management.

*Stockholder Action; Special Meeting of Stockholders.* Our amended and restated certificate of incorporation and bylaws do not permit stockholders to act by written consent. They provide that special meetings of our stockholders may be called only by the chairman of our board of directors, our chief executive officer or a majority of our directors. Further, our amended and restated certificate of incorporation provides that the stockholders may amend bylaws adopted by the board of directors or specified provisions of the certificate of incorporation by the affirmative vote of at least 66-2/3% of our capital stock.

*Advance Notice Requirements for Stockholder Proposals and Directors Nominations.* Our amended and restated bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice in writing. To be timely, a stockholder’s notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to stockholders or made public, whichever first occurs. Our amended and restated bylaws also specify requirements as to the form and content of a stockholder’s notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from nominating directors at an annual meeting of stockholders.

*Authorized But Unissued Shares.* Our authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of Stereotaxis by means of a proxy contest, tender offer, merger or otherwise.

## [Table of Contents](#)

*Amendments; Supermajority Vote Requirements.* The Delaware General Corporation Law provides generally that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or bylaws, unless either a corporation's certificate of incorporation or bylaws require a greater percentage. Our amended and restated certificate of incorporation imposes supermajority vote requirements of 66-2/3% of the voting power of our capital stock in connection with the amendment of certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws, including those provisions relating to the classified board of directors, action by written consent and the ability of stockholders to call special meetings.

**Item 14. Indemnification of Directors and Officers.**

Our amended and restated certificate of incorporation provides that, to the fullest extent permitted by the Delaware General Corporation Law as the same exists or may hereafter be amended, our directors shall not be liable to the Company or our stockholders for monetary damages for breach of fiduciary duty as a director. In addition, our certificate of incorporation provides that we may, to the fullest extent permitted by law, indemnify any person made or threatened to be made a party to an action, suit or proceeding, whether criminal, civil, administrative or investigative, by reason of the fact that such person or his or her testator or intestate is or was a director, officer or employee of the Company, or any predecessor of the Company, or serves or served at any other enterprise as a director, officer or employee at the request of the Company.

Our amended and restated bylaws provide that the Company shall indemnify our directors and officers to the fullest extent not prohibited by the Delaware General Corporation Law or any other law. We are not required to indemnify any director or officer in connection with a proceeding brought by such director or officer unless (i) such indemnification is expressly required by law; (ii) the proceeding was authorized by our board of directors; or (iii) such indemnification is provided by the Company, in its sole discretion, pursuant to the powers vested in the Company under the Delaware General Corporation Law or any other applicable law. In addition, our bylaws provide that the Company may indemnify its employees and other agents as set forth in the Delaware General Corporation Law or any other applicable law.

We have also entered into separate indemnification agreements with our directors that require us, among other things, to indemnify each of them against certain liabilities that may arise by reason of their status or service with the Company or on behalf of the Company, other than liabilities arising from willful misconduct of a culpable nature. The Company is not required to indemnify under the agreement for (i) actions initiated by the director without the authorization or consent of the board of directors; (ii) actions initiated to enforce the indemnification agreement unless the director is successful; (iii) actions resulting from violations of Section 16 of the Exchange Act in which a final judgment has been rendered against the director; and (iv) actions to enforce any non-compete or non-disclosure provisions of any agreement.

The indemnification provided for above provides for reimbursement of all losses of the indemnified party including, expenses, judgment, fines and amounts paid in settlement. The right to indemnification set forth above includes the right for us to pay the expenses (including attorneys' fees) incurred in defending any such proceeding in advance of its final disposition in certain circumstances.

The Delaware General Corporation Law provides that indemnification is permissible only when the director, officer, employee, or agent acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to

believe the conduct was unlawful. The Delaware General Corporation Law also precludes indemnification in respect of any claim, issue, or matter as to which an officer, director, employee, or agent shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery of the State of Delaware or the court in which such action or suit was brought shall determine that, despite such adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court deems proper.

See Item 17 for information regarding our undertaking to submit to adjudication the issue of indemnification for violation of the securities laws.

The Registrant maintains insurance policies that provide coverage to its directors and officers against certain liabilities.

### **Item 15. Recent Sales of Unregistered Securities**

On September 26, 2016, the Registrant entered into a Securities Purchase Agreement (the “SPA”) with certain institutional and other accredited investors (the “Buyers”), whereby it agreed to sell, for an aggregate purchase price of \$24 million, (i) an aggregate of 24,000 shares of Series A Convertible Preferred Stock, par value \$0.001 per share (the “Preferred Shares”), which are convertible into shares of the Company’s common stock, and (ii) warrants (the “Warrants”) to initially purchase an aggregate of 36,923,078 shares of common stock. The transaction closed on September 29, 2016. The offering of Preferred Shares and Warrants was made to “accredited investors” as such term is defined in the Securities Act and in reliance on the exemption from registration afforded by Section 4(2) and Regulation D (Rule 506) under the Securities Act and corresponding provisions of state securities laws.

On February 28, 2018, the Registrant entered into a Consent and Amendment with the holders of a majority of the shares of common stock issuable upon exercise of the Warrants. Pursuant to the terms of the Warrants, the provisions of the Consent and Amendment are binding on all holders of the Warrants. The Consent and Amendment amended and restated the Warrants to provide for a reduction in the exercise price of the Warrants from \$0.70 per share to \$0.28 per share for a period that commenced at 8:00 a.m. (Eastern Standard Time) on March 1, 2018 and ended at 1:00 p.m. (Eastern Standard Time) on March 5, 2018 (the “Restricted Exercise Period”), provided that (i) exercises of the Warrants at the reduced exercise price would only be effected if the aggregate exercise price for all Warrants exercised during the Restricted Exercise Period was at least \$6,000,000 (the “Exercise Condition”), (ii) cashless exercise was not permitted during the Restricted Exercise Period and (iii) the exercising holder was required to enter into a lock-up agreement with the Company agreeing not to sell the Warrants or the shares received on exercise of the Warrants for a period of 18 months following March 12, 2018.

The Consent and Amendment was entered into, and the amended and restated Warrants were issued in reliance upon, the exemption from registration afforded by Section 3(a)(9) of the Securities Act and corresponding provisions of state securities laws. No consideration was received by the Company in connection with entering into the Consent and Amendment or the amendment and restatement of the Warrants.

The Company received exercise notices under the Warrants at the reduced exercise price during the Restricted Exercise Period for an aggregate exercise price of \$10,021,739, and as a result, the Exercise Condition was satisfied. At settlement, the Company issued 35,791,927 shares of common stock to such holders as a result of such exercise. In connection with the issuance of shares of common stock upon exercise of the Warrants, the Company relied on the exemption from registration afforded by Section 4(a)(2) and Regulation D (Rule 506) of the Securities Act, based on representations to the Company made by the warrant holders that they are accredited investors (as such term is defined in Regulation D under the Securities Act).

### **Item 17. Undertakings.**

- (1) The undersigned registrant hereby undertakes to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
  - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

## Table of Contents

Paragraphs (1)(i), (ii), and (iii) of this section do not apply if the registration statement is on Form S-1, Form S-3, Form SF-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or, as to a registration statement on Form S-3, Form SF-3 or Form F-3, is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) The undersigned registrant hereby undertakes to remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.
- (4) The undersigned registrant hereby undertakes that, for the purposes of determining liability to any purchaser:

If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

- (5) Insofar as indemnification for liabilities arising under the Securities Act, as amended, may be permitted to directors, officers and controlling persons of the undersigned registrant according the foregoing provisions, or otherwise, the undersigned registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act, as amended, and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
