QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q. Why am I receiving these materials?

The Board of Directors (the “Board”) of Stereotaxis, Inc. (the “Company”) is soliciting proxies from the Company’s shareholders in connection with its 2015 Annual Meeting of Shareholders to be held on June 2, 2015, and any and all adjournments and postponements thereof. You are encouraged to vote on the proposals presented in these proxy materials. You are invited to attend the Annual Meeting, but you do not have to attend to vote.

Q. When and where is the Annual Meeting?

We will hold the Annual Meeting of Shareholders on June 2, 2015, at 9:00 a.m., Central Daylight Time, at our principal executive offices located at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108.

Q. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we may furnish proxy materials, including this proxy statement and our 2014 Annual Report on Form 10-K to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q. How do I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to view our proxy materials for the Annual Meeting on the Internet.

Q. Who is entitled to vote?

You are entitled to vote if you were a shareholder of record of shares of our common stock at the close of business on April 6, 2015 (the “Record Date”). On April 6, 2015, there were 20,919,816 shares of our common stock outstanding and entitled to vote and no shares of our preferred stock outstanding.

Q. What am I being asked to vote on?

We are asking our shareholders to (1) elect three Class II Directors to serve until our 2018 Annual Meeting of Shareholders, (2) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2015 fiscal year, (3) approve, by non-binding vote, executive compensation, and (4) transact such other business as may properly come before the meeting.

Q. What do I do if my shares of common stock are held in “street name” at a bank or brokerage firm?

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the vast majority of our shareholders, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares and you are also invited to attend the Annual Meeting.

Q. How do I vote?

Whether or not you expect to be present in person at the Annual Meeting, you are requested to vote your shares. Most shareholders will be able to choose whether they wish to vote using the Internet, by telephone or mail. The availability of Internet voting or telephone voting for shareholders whose shares are held in street name by a bank or a broker may depend on the voting processes of that organization. If you vote using the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. Internet and telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on June 1, 2015, the day before the date of the Annual Meeting. If you hold your shares directly as a shareholder of record and you attend the meeting, you may vote by ballot. If you hold your shares in street name through a bank or broker and you wish to vote at the meeting, you must obtain a proxy, executed in your favor, from your bank or broker.

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a shareholder of record, you may vote by proxy. You can vote by

[Table of Contents](#)

proxy over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone as well as by the Internet pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Q. What if I want to change my vote?

If you are a shareholder of record, you can revoke your proxy at any time before it is voted at the Annual Meeting by:

- timely delivering a properly executed, later-dated proxy;
- submitting a later vote by Internet or telephone any time prior to 11:59 p.m., Eastern Daylight Time, on June 1, 2015;
- delivering a written revocation of your proxy to our Secretary at our principal executive offices; or
- voting by ballot at the meeting.

If your shares are held in the name of a bank or brokerage firm, you may change your vote by submitting new voting instructions to your bank or broker following the instructions that they provide.

Q. What vote of the shareholders is needed?

No business can be conducted at the Annual Meeting unless a majority of the outstanding shares of common stock entitled to vote is present in person or represented by proxy at the meeting. Each share of our common stock is entitled to one vote with respect to each matter on which it is entitled to vote. A plurality of the shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" a director nominee. A majority of shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2015 fiscal year, and "FOR" the non-binding approval of executive compensation.

Q. What happens if I request a paper copy of proxy material and return my signed proxy card but forget to indicate how I want my shares of common stock voted?

If you sign, date and return your proxy and do not mark how you want to vote, your proxy will be counted as a vote "FOR" all of the nominees for directors, "FOR" the ratification of our independent registered public accounting firm, and "FOR" the approval of executive compensation, and in the discretion of the proxy holders for such other business as may properly come before the meeting.

Q. What happens if I do not instruct my broker how to vote or if I indicate I wish to "abstain" on the proxy?

If you hold shares in street name through a broker or other nominee and do not vote your shares or provide voting instructions, your broker may vote for you on "routine" proposals but not on "non-routine" proposals. The ratification of the Company's auditor is considered routine, but all of our other proposals are non-routine. Therefore, if you do not vote on the non-routine proposals or provide voting instructions, your broker will not be allowed to vote your shares. This will result in a broker non-vote. Broker non-votes are not counted as shares present and entitled to vote so they will not affect the outcome of the vote.

If you indicate that you wish to "abstain," your vote will have the same effect as a vote against the proposal or the election of the applicable director.

Q. What if other matters are voted on at the Annual Meeting?

If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone or mail, the persons named as proxies in your proxy will have the discretion to vote on those matters for you. As of the date we filed this proxy statement with the Securities and Exchange Commission, the Board of Directors did not know of any other matter to be presented at the Annual Meeting.

Q. What do I need to do if I plan to attend the meeting in person?

All shareholders must present a form of personal identification in order to be admitted to the meeting. If your shares are held in the name of a bank, broker or other holder of record, you also must present proof of your ownership, such as a bank or brokerage account statement, to be admitted to the meeting.

CORPORATE GOVERNANCE INFORMATION

Board Leadership Structure and Board Role in Risk Oversight

William C. Mills III, has served as the chairman of the Board since May 2012 and he became our Chief Executive Officer effective February 12, 2014, after serving as interim Chief Executive Officer since April 13, 2013. In February 2015, the Board appointed David W. Benfer as the lead independent director. The Board believes that it should have flexibility to make the determination of whether the same person should serve as both the chief executive officer and chairman of the board or if the roles should be separate. In the past, the functions of chairman of the board and chief executive officer have been separate. The Board believes that its current leadership structure, with Mr. Mills serving as both Chief Executive Officer and chairman of the Board and Mr. Benfer serving as lead independent director, will provide appropriate leadership for the Company and will best serve the shareholders at this time. In his dual role, Mr. Mills is able to utilize the perspective gained in running the Company to effectively guide our Board. Mr. Benfer will provide independent leadership on the

[Table of Contents](#)

Board and will interact closely with Mr. Mills and the independent directors to facilitate communications. Our independent directors regularly have executive sessions as part of our regular meeting schedule during which only the independent directors are present.

Our Board provides risk oversight to the Company through the Audit Committee and the Nominating and Corporate Governance Committee. The Audit Committee monitors financial risks faced by the Company and the Nominating and Corporate Governance Committee monitors healthcare compliance and regulatory risks. This oversight process takes place through discussions at committee meetings with the members of senior management who are responsible for the Company's risk management policies and procedures. In addition, the Audit Committee regularly meets in a private session with the Company's independent auditors.

Director Independence

Our Board determined that each of our directors and each member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee was independent in 2014 under the listing standards of the NASDAQ Capital Market, except Mr. Mills. Our Board currently has a majority of independent directors consistent with the listing standards of the NASDAQ Capital Market. During 2014, the Company had a consulting agreement with Dr. Prystowsky. The Board determined that this agreement did not impair his independent judgment.

Director Nomination Process

The Nominating and Corporate Governance Committee is responsible for identifying and recommending to the Board candidates to serve as members of the Board. In carrying out this responsibility, the Committee has adopted a written policy setting forth the minimum qualifications to serve as a director of the Company. These minimum qualifications emphasize integrity, independence, experience, strength of character, mature judgment and technical skills applicable to the Company. The Committee also will consider whether the candidate is able to represent fairly and equally all shareholders of the Company without favoring or advancing any particular shareholder or other constituency of the Company.

The Committee also seeks Board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and/or be selected based upon contributions they can make to the Company and Board. We do not have a formal policy regarding diversity, but the Board is committed to a diverse membership. In selecting nominees, the Board does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual orientation.

In the Committee's discretion, the Committee may approve the candidacy of a nominee who does not satisfy all of these requirements if it believes the service of such nominee is in the best interests of the Company and its shareholders.

The Committee has written procedures for identifying and evaluating candidates for election to the Board. The material elements of that process are as follows:

- The Committee in its discretion gives due consideration to the renomination of incumbent directors who desire to continue their service and who continue to satisfy the Committee's criteria for membership on the Board.
- If there is no qualified and available incumbent or if there is a vacancy on the Board, the Committee will identify and evaluate new candidates and will solicit or entertain recommendations for nominees from other Board members and the Company's management. The Committee also may engage a professional search firm to assist it in identifying qualified candidates.

Nomination of Directors by Shareholders

The Committee will evaluate candidates proposed by shareholders for nomination as directors under criteria similar to the evaluation of other candidates. Our bylaws provide that shareholders seeking to nominate candidates for election as directors at an annual meeting of shareholders must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever first occurs. Our bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from making nominations for directors at an annual meeting of shareholders.

The Nominating and Corporate Governance Committee has established a written policy that it will consider recommendations for the nomination of a candidate submitted by holders of the Company's shares entitled to vote generally in the election of directors. The material elements of that policy include the following:

- the Committee will give consideration to these recommendations for positions on the Board where the Committee has determined not to re-nominate a qualified incumbent director;
- for each annual meeting of shareholders, it is anticipated that the Committee will accept for consideration only one recommendation from any shareholder or affiliated group of shareholders (within the meaning of SEC Regulation 13D); and
- while the Committee has not established a minimum number of shares that a shareholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the shareholder must own its shares, the Committee may in its discretion take into account the size and duration of a recommending shareholder's ownership interest in the Company.

The Committee may in its discretion also consider the extent to which the shareholder making the nominating recommendation intends to maintain its ownership interest in the Company, to the extent such information is available to the Committee. The Committee may elect not to consider recommendations of nominees who do not satisfy the criteria described above, including that a director must represent the interests of all shareholders and not serve for the purpose of favoring or advancing the interests of any particular shareholder group or other constituency. Absent special or unusual circumstances, only those recommendations whose submission complies with the procedural requirements adopted by the Committee will be considered by the Committee.

Any shareholder wishing to submit a candidate for consideration should send the following information to the Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

- Shareholder's name, number of shares owned, length of period held and proof of ownership;
- Name, age, business and residential address of candidate;
- A detailed résumé describing, among other things, the candidate's educational background, occupation, employment history and material outside commitments (e.g., memberships on other boards and committees, charitable foundations);
- A supporting statement which describes the candidate's reasons for seeking election to the Board and documents his/her ability to satisfy the director qualifications described herein;

Table of Contents

- Any information relating to the candidate that is required to be disclosed in the solicitation of proxies for election of director;
- The class and number of shares of our capital stock that are beneficially owned by the candidate;
- A description of any arrangements or understandings between the shareholder and the candidate; and
- A signed statement from the candidate, confirming his/her willingness to serve on the Board.

Our Corporate Secretary will promptly forward such materials to the chair of our Nominating and Corporate Governance Committee and our Chairman of the Board. These materials are available in print to any shareholder upon request. From time to time the Board and the Committees review and update these documents as they deem necessary and appropriate.

Audit Committee

The Board has determined that each member of the Audit Committee is independent under the listing standards of the NASDAQ Capital Market and the enhanced independence standards for audit committee members set forth in SEC rules under the Securities Exchange Act of 1934. Further, our Board has determined that each member of the Audit Committee is financially sophisticated and that Mr. Messey, who currently serves as the chair of the Audit Committee, qualifies as an Audit Committee Financial Expert under SEC rules and regulations. The Audit Committee assists our Board in its oversight of:

- the integrity of our financial statements;
- our accounting and financial reporting process, including our internal controls;
- our compliance with legal and regulatory requirements;
- the independent registered public accountants' qualifications and independence; and
- the performance of our independent registered public accountants.

[Table of Contents](#)

The Audit Committee has direct responsibility for the appointment, compensation, retention and oversight of our independent registered public accountants. In addition, the Audit Committee must approve in advance:

- any related-party transaction that creates a conflict of interest situation;
- all audit services; and
- all non-audit services, except for de minimis non-audit services, provided the Audit Committee has approved such de minimis services prior to the completion of the audit.

During fiscal year 2014, the Audit Committee met seven times.

Compensation Committee

Our Board has determined that each member of the Compensation Committee is independent under the listing standards of the NASDAQ Capital Market, and each qualifies as an “outside director” under Section 162(m) of the Internal Revenue Code of 1986 and as a “non-employee director” under Rule 16b-3 under the Securities Exchange Act of 1934. The functions of the Compensation Committee include:

- approving new incentive plans and major benefit programs.

The Compensation Committee has authority to retain compensation consultants to furnish advice or assistance to the committee within the scope of its duties. The committee has direct responsibility for the appointment, retention, and compensation of the compensation consultants as well as the oversight of the work of the consultants. In selecting any compensation consultant, the committee considers the factors relevant to the consultant’s independence from management in accordance with the listing standards of the NASDAQ Capital Market.

During fiscal year 2014, the Compensation Committee met five times.

Nominating and Corporate Governance Committee

Our Board has determined that each member of the Nominating and Corporate Governance Committee is independent under the listing standards of the NASDAQ Capital Market. The Nominating and Corporate Governance Committee assists the Board in:

The Strategy and Technology Committee did not meet during fiscal year 2014.

DIRECTOR COMPENSATION

Director Compensation Policy

Non-employee directors receive cash compensation and equity awards for their services as Board members. In May 2014, the Compensation Committee approved revisions to the cash compensation payable to non-employee directors, which became effective beginning in the second fiscal quarter of 2014. These revisions were based on the recommendations of Radford, the Committee's independent compensation consultant, who conducted an in-depth market study of director compensation. Currently, each non-employee director receives a \$35,000 annual retainer for Board membership. For serving on the Audit Committee, the committee chairman receives a \$15,000 annual retainer, and each committee member a \$7,500 annual retainer. For serving on the Compensation Committee, the committee chairman receives a \$10,000 annual retainer, and each committee member a \$5,000 annual retainer. For serving on the Nominating and Corporate Governance Committee, the committee chairman receives a \$6,000 annual retainer, and each committee member a \$3,000 annual retainer. The directors' annual retainer fees are paid quarterly.

Upon the appointment of Mr. Benfer as the lead independent director of the Board in February 2015, the Compensation Committee approved an additional cash retainer of \$15,000 per year, payable quarterly, for the lead independent director.

For the first quarter of 2014, the non-employee directors received payments under the prior directors' compensation program, which provided for a \$30,000 annual retainer. For the period of 2014 during which Mr. Mills served as a non-employee interim Chief Executive Officer, he received a pro rata portion of an annual retainer of \$420,000, which had been approved by the Board in 2013. Mr. Mills' director compensation for serving as the interim Chief Executive Officer is included in his compensation disclosed in the Summary Compensation Table in the Executive Compensation section of this proxy statement.

The non-employee directors also receive annual equity awards. As of the date of each annual shareholders' meeting, each non-employee director receives an annual grant of 10,000 restricted share units. The annual grants of restricted share units vest one year from the date of grant or on the date of the next annual shareholders' meeting, whichever is earlier.

In addition to the annual grants, newly elected directors are entitled to receive a grant of 20,000 restricted share units. Initial grants of restricted share units to new directors vest over a two-year period, with 50% vesting after the first year, and 50% vesting after the second year.

We reimburse our directors for reasonable out-of-pocket expenses incurred in connection with attendance and participation in Board and committee meetings.

PROPOSAL 1: ELECTION OF DIRECTORS

Under the Company's bylaws, the number of directors of the Company may be fixed or changed from time to time by resolution of a majority of the Board of Directors, provided the number shall be no less than three and no more than fifteen. Currently, the Board has set the number of directors of the Company at seven. The directors are divided into three classes, Class I, Class II and Class III, each class to be as nearly equal in number as possible. The term of office of each director shall be until the third annual meeting following his or her election and until the election and qualification of his or her successor.

Shareholders are being asked to elect three directors, Robert J. Messey, Joseph D. Keegan, and Euan S. Thomson, as Class II directors to serve until the 2018 Annual Meeting of Shareholders. The Board nominated Mr. Messey, Dr. Keegan and Dr. Thomson for election at the 2015 Annual Meeting of Shareholders upon the recommendation of the Nominating and Corporate Governance Committee. Each nominee currently is a director of our Company. Certain information with respect to the nominees for election is set forth above under the headings "Information about the Board of Directors" and "Board Meetings and Committees."

The Board does not contemplate that any of the nominees will be unable to stand for election, but should any nominee become unable to serve or for good cause will not serve, all proxies (except proxies marked to the contrary) will be voted for the election of a substitute nominee as our Board may recommend.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NAMED NOMINEES AS DIRECTORS.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

The Compensation Committee reviews competitive market compensation data annually. In 2013, the Committee determined that a more in-depth review was appropriate to ensure pay programs are consistent with our compensation philosophy, particularly with respect to maintaining alignment between pay and performance but at the same time, to verify that base salaries remained competitive since executive base salaries had not fundamentally changed since 2011. The Committee engaged the services of its independent compensation consultant, Radford, who recommended to the Committee a new peer group of 19 companies based on objective industry and financial criteria as well as input from the Committee and management. In addition, the consultant collected and presented market data from both the recommended peer group and from a broader sample of high technology companies contained within the Radford Global Technology Database and provided advice to the Committee regarding incentive program designs.

Our ongoing efforts to achieve efficiencies in every area of the business, as well as drive clinical adoption of our platform through targeted marketing efforts and technology enhancements, have significantly improved our bottom line performance. In 2014, we delivered record results, including the highest annual recurring revenue in our history and our lowest annual operating and net losses since our IPO in 2004. In addition, we continued to launch technology enhancements aimed at improving procedure efficiency and outcomes, including an updated user interface featuring ablation history and an expanded Vdrive platform in the U.S. In our newest global market, Japan, we made substantial inroads during the year, culminating with our first Niobe® system shipment in the fourth quarter of 2014. Despite the challenges to top line growth we faced during the earlier part of this year, we believe we are in a stronger position to experience future growth and improvements in long-term shareholder value.

[Table of Contents](#)

Our significant financial outcomes for 2014 include:

- Recurring revenue was \$27.2 million for the full year 2014 establishing the highest annual recurring revenue in Company history. However, on a year-over-year basis, system revenue decreased by 38% from \$12.7 million to \$7.8 million.
- The Company surpassed 75,000 worldwide procedures performed with our remote magnetic navigation system in December 2014.
- Gross margin improved to 77% of revenue from 71% of revenue in 2013, as we experienced a shift in mix from system revenue to recurring revenue.
- We continued to manage operating expenses to desirable levels, reducing full year operating expenses by 10% to \$32.2 million which was the Company's lowest annual operating expenses since our initial public offering.
- Operating loss was \$5.4 million, a 39% reduction from the prior year and the lowest full year operating loss since we went public.
- Our cash burn increased from \$6.3 million in 2013 to \$9.2 million in 2014.
- The Company's first ever operating income of \$314,000 was recorded in the fourth quarter compared to a loss of (\$2.4) million in the fourth quarter of 2013.

Within this business performance context, the compensation outcomes for the 2014 fiscal year continue to reflect our commitment to aligning executive pay and business performance while ensuring our executive compensation arrangements for each executive are consistent with the marketplace to retain key talent. Consequently, we note the following compensation highlights for 2014:

- ***The 2014 Management Bonus Plan performance targets were designed to provide a balance between short and long term Company goals***
To place significant emphasis on achieving revenue growth, the Compensation Committee established a revenue growth target as the only financial operating metric for 2014. Technology and business development performance targets, which focus on annual objectives designed to achieve long term strategic goals, were added to the 2014 plan design. In addition, in 2014, performance was measured and bonuses paid on an annual basis rather than on a quarterly basis, which was the structure of the plan targets and bonus payments for the prior year.
- ***Bonus payments were consistent with the achievement under the 2014 Management Bonus Plan***
Significant progress was made in growing procedures and recurring revenue, improving margins and managing operating expenses. However, achievement was below target on the milestones established for the 2014 bonus plan. Therefore, our executives received payouts under this incentive program at 58% of target award levels for 2014.
- ***Executive retention bonuses were earned***
In 2013, the Company entered into retention agreements with each of the Named Executive Officers, other than Mr. Mills. The Committee determined that these agreements were important in order to stabilize the executive management team following the resignations of the former CEO and the former CFO in the first quarter of 2013. Since each executive met the requirements under the retention agreement for continued employment on March 31, 2014, and each achieved the individual performance objectives in the respective agreement, the retention bonuses under the agreements were paid in full.

[Table of Contents](#)

The plan design and 2014 pay outcomes and actions reflect our success in deploying compensation programs that align pay realized by executives and the returns to our shareholders. The Compensation Committee further recognizes the importance of both providing market competitive pay opportunities and also motivating and retaining key talent in a challenging business environment. Specifically, we continue to be guided by our compensation philosophy, as described in the section following this Executive Summary, to ensure that compensation programs consistently support our business objectives. As circumstances remain dynamic, the Compensation Committee has taken timely actions, including the provision of special incentive opportunities, to adapt our compensation strategy to such circumstances as they arise.

- ***Chairman of the Board, William C. Mills, named as CEO***

Mr. Mills was appointed as CEO effective February 12, 2014, after having served as interim CEO since April 2013. The Committee utilized the Radford peer group market data and Radford Global Technology Database to determine an appropriate compensation package for Mr. Mills. In addition, the Committee requested Radford to take a broader market perspective beyond the approved peer group to identify additional instances of CEO new hires for companies of similar size within the life sciences marketplace to determine an appropriate CEO transition equity grant. The Committee approved the following:

- Base Salary – a base salary of \$475,000 per year effective April 1, 2014
- Annual Incentive – a target bonus of 60% of base salary with full participation for the year 2014
- Long-Term Incentive (grant date March 27, 2014) – a grant of 150,000 Stock Appreciation Rights with a strike price of \$4.04 and 100,000 service-vested Restricted Share Units
- Termination Without Cause – a monthly base salary for a period of 12 months following any termination without cause
- Change of Control Termination – a monthly base salary for a period of 24 months following any termination as a result of change of control event
- In addition, the Committee approved a \$200,000 performance bonus in recognition of Mr. Mills' performance as interim CEO.

Ultimately, we believe that the decisions made in 2014 reflect the Committee's efforts to appropriately incentivize executives, particularly with respect to rewarding management for efficient stewardship of the Company's resources and continued focus on growing revenues through maximizing our current base of installed systems and expanding our market presence.

Say-on-Pay Results

The Compensation Committee considered the results of the 2014 advisory, non-binding "say-on-pay" proposal and incorporated the results as one of the many factors considered in connection with the discharge of its responsibilities. Because a substantial majority (94%) of our shareholders voting on the proposal approved the compensation programs described in our proxy statement for the 2014 Annual Meeting of Shareholders, the Compensation Committee did not implement changes to our compensation programs as a direct result of the shareholder advisory vote. However, as outlined in the forthcoming sections of this Compensation Discussion & Analysis, the Committee did continue to take actions with respect to our fiscal year 2014 compensation programs based on the business conditions facing the Company and other relevant factors.

[Table of Contents](#)

Compensation Philosophy

The objective of our compensation program is to attract, retain and motivate highly qualified executive officers while aligning the interests of these executives with those of shareholders. When designing compensation packages to achieve this objective, the Committee is guided by the following principles:

- *Align pay and performance:* Provide total compensation that is commensurate with stock price performance, the operational and financial success of our business, and the individual performance contributions of executives.
- *Manage program cost and dilution:* Balance other considerations for executive pay programs with their impact on earnings, cash flow and stock dilution.
- *Provide market competitive pay:* Targeted compensation opportunities should generally reflect levels, both in terms of size of pay opportunity and mix of pay elements, observed in the competitive marketplace, as defined by the market median pay levels among companies with which we compete for talent.

We believe that adhering to these principles will create a total compensation program that supports our aim to deliver long-term shareholder value through business performance. In benchmarking the market competitiveness of total compensation, we utilize a peer group of select companies to represent our competitive labor market. Targeted total compensation opportunities are comprised of base salary, annual incentives and equity-based long-term incentives. In addition to the above principles, the Compensation Committee exercises its judgment in setting pay levels with respect to individual competencies and experience and the internal compensation equity among Named Executive Officers.

Role and Independence of the Consultant

From time-to-time, when deemed necessary, the Committee engages the services of an independent compensation consultant to provide the Committee with market data and analysis, advice on incentive design practices, and an external perspective on pay trends and legal and regulatory developments.

In December 2013, the Committee retained Radford, an Aon Hewitt Company as its independent compensation consultant (the “Consultant”). Radford does not provide any services to the Company other than those related to executive compensation consulting. The Committee considers the Consultant to be fully independent and that the Consultant’s work has not raised any conflict of interest.

Compensation Determination Process

The typical pay review process occurs at the beginning of the fiscal year in January and February at which time the Committee reviews and approves adjustments in executive compensation including base salaries, target annual incentive opportunities, annual equity awards, and the establishment of performance goals for the annual incentive plan and performance-vested long-term awards, if any. During the review process, the Committee considers a number of factors, including competitive market data, input received from the Company’s management, and an assessment of individual performance and the operating performance of the Company.

The Committee has historically set targeted total compensation (base salaries, annual incentives, and long-term incentive awards) at the median of the competitive market (reviewing data as described below). The Committee may adjust targeted total compensation or the mix of total compensation based on other

[Table of Contents](#)

considerations such as business performance, company size and stock dilution. In addition, incentive programs are designed such that total compensation realized by executives is consistent with performance achievement, and incentive payments may:

- Exceed targeted incentive levels for performance that surpasses our short and long-term performance expectations; or
- Fall below targeted incentive levels for performance that does not meet our short and long-term performance expectations.

This approach reflects the Compensation Committee's philosophy to align executive pay outcomes directly with performance achievement. However, while incentive program designs are intended to be primarily objective and formulaic, the Committee may also use its discretion to adjust compensation components for Named Executive Officers, as such discretion provides a means of acknowledging non-formulaic considerations such as the context in which certain performance achievement has occurred, the unique experience an individual brings to a role, and other factors the Committee deems relevant.

When reviewing the competitiveness of compensation, the Committee uses both proprietary survey data specific to the technology industry and publicly disclosed peer group compensation data. For the executive compensation program in place during 2014, the Committee used the Radford Global Technology Database to obtain proprietary survey data and publicly available data of similar companies that make up the newly defined Industry Peer Group as listed below:

Alphatec	Hansen Medical, Inc.	SurModics
AtriCure	InVivo	Uroplasty
BIOLASE, Inc.	IRIDEX Corporation	Vascular Solutions Inc.
Cardica	LeMaitre Vascular	Vasomedical Inc.
CryoLife	PhotoMedex, Inc.	Vision-Sciences Inc.
Cutera	Rockwell Medical, Inc.	
EnteroMedics Inc.	Solta Medical

Elements of the Compensation Program

The various elements of our executive compensation program, established through the process outlined above, are intended to provide competitive total compensation while aligning the behavior and action of Named Executive Officers with shareholder interests. For each component of Named Executive Officer compensation, the following table summarizes its purpose with respect to our compensation philosophy, and the measurement criteria used by the Committee in its decision making for each component.

Component	Purpose	Measurement Criteria
Base Salary	Competitive base salaries to recruit and retain top talent	Fixed cash compensation based on individual performance, skills and experience, and scope of responsibility
Annual Incentive	Motivate and reward achievement of important short-term goals that are key to generating shareholder value	Performance against annual targets based on revenue and strategic initiatives such as technology and business development projects
Stock-Settled Stock Appreciation Rights	Leverage pay opportunity to motivate the creation of long-term shareholder value; settlement in stock designed to promote share ownership	Focus on stock price appreciation. Awards vest over a 4 year period
Service-Vested Restricted Share Units	Equity award to motivate retention and long term stock price performance	Vesting over 4 years
Performance-Vested Restricted Stock	Equity award to motivate achievement of key financial milestones of our business	Performance against identified milestones. No performance-vested restricted stock awards were made in 2014
Benefits	Standard compensation benefit; Named Executive Officers receive same benefits as other employees, and no special perquisites	Industry and geographic market data

Base Salary. As a result of the in-depth market study conducted by the Company's consultant, in order to ensure the Company remained competitive in the marketplace the following changes were made to the Named Executive Officer's base salary effective April 1, 2014.

Executive	2014 Base Salary Information	
	2013 Annual Salary	2014 Annual Salary
William C. Mills III Chief Executive Officer	\$ 370,922	\$ 475,000
Martin C. Stammer Chief Financial Officer	\$ 200,000	\$ 250,000
Frank J. Cheng Senior Vice President, Marketing & Business Development	\$ 285,000	\$ 295,000
Karen W. Duros Senior Vice President, General Counsel & Secretary	\$ 270,000	\$ 295,000
David A. Giffin Vice President, Human Resources	\$ 200,000	\$ 220,000

Annual Incentive Plan. The Company's annual incentive plan, the Management Bonus Plan, is intended to motivate Named Executive Officers to drive the financial performance and strategic initiatives critical to generating shareholder value for the Company. Under this program, each Named Executive Officer receives a target award opportunity, established each year and denominated as a percentage of each officer's base salary. For each performance component of the plan, if target performance is achieved, each Named Executive Officer's incentive will be funded at the target level. For performance above or below target, a straight line calculation is made to determine the payout level between threshold and target performance and between target and overachievement performance.

[Table of Contents](#)

Awards may also be adjusted up or down based on individual performance considerations. However, all individual adjustments are made such that the cumulative incentives delivered under the program still equal the total funding determined based on actual performance achievement against established plan goals. Such individual adjustments for Named Executive Officers are subject to the review and approval of the Compensation Committee. For fiscal year 2014, award opportunities as a percentage of base salary for Named Executive Officers remained unchanged compared to 2013. Mr. Mills' award opportunity was established at 60% of base salary when he was named CEO. Specific annual opportunities for Named Executive Officers were as follows:

Executive	2014 Annual Incentive Opportunity		
	Threshold	Target	Overachievement
William C. Mills III Chief Executive Officer	\$142,500 30% of base	\$285,000 60% of base	\$570,000 120% of base
Martin C. Stammer Chief Financial Officer	\$62,500 25% of base	\$125,000 50% of base	\$250,000 100% of base
Frank J. Cheng Senior Vice President, Marketing & Business Development	\$73,750 25% of base	\$147,500 50% of base	\$295,000 100% of base
Karen W. Duros Senior Vice President, General Counsel & Secretary	\$59,000 20% of base	\$118,000 40% of base	\$177,000 60% of base
David A. Giffin Vice President, Human Resources	\$44,000 20% of base	\$88,000 40% of base	\$132,000 60% of base

Additionally, individual awards can be adjusted based on strategic management objectives (MBOs) which vary by Named Executive Officer. The Committee views the ability to reward achievement of qualitative, non-financial goals as an important component of creating pay for performance alignment in our Management Bonus Plan.

In setting objectives for the annual financial and operating metrics under the Management Bonus Plan, the Committee seeks to set attainable targets that drive improvement in the value of the business. In particular, our practice is generally to link target performance to our business plan and other key performance objectives for the year, taking into account the prior years' performance and the anticipated financial and market circumstances the Company is expected to encounter. Similarly, objectives may be established for strategic initiatives that contribute to growth in shareholder value. These objectives typically are focused on technology and/or business development projects.

The Committee establishes stretch objectives to ensure that incentive payouts are made only based on acceptable performance in a given year. The Committee does, however, retain the ability to exercise its discretion in adjusting total bonus funding.

The Committee determined that the performance targets for 2014 under the Management Bonus Plan should consist of the most critical financial metric and at the same time place greater emphasis on a longer term view for Company success. Thus, the Committee established a revenue goal, as well as internal and external technology and business development performance objectives for the year that were designed to achieve the Company's long range growth strategies.

The Committee approved a target revenue objective of \$38.0 million, along with threshold (\$34.2 million) and overachievement (\$45.6 million) performance levels. The revenue objective was assigned a weighting of 30%. The Company achieved revenue of \$35.0 million in 2014, which was 92% of the revenue performance target yielding a 60% of target payout, resulting in a weighted bonus funding as a percent of target award of 18%.

[Table of Contents](#)

In addition, the Committee approved several critical technology and business development objectives for 2014 with a combined weighting of 70%. The Committee assessed the Company's performance against the established technology and business development objectives and determined the Company had achieved a 57% of performance target yielding a weighted bonus funding as a percent of target award of 40%.

These accomplishments resulted in an overall payout of 58% of target award for our Named Executive Officers. As a result, our Named Executive Officers received the following bonus payments:

Executive	Target Award	Actual Payout @ 58%
William C. Mills III Chief Executive Officer	\$285,000	\$165,300
Martin C. Stammer Chief Financial Officer	\$125,000	\$72,500
Frank J. Cheng Senior Vice President, Marketing & Business Development	\$147,500	\$85,550
Karen W. Duros Senior Vice President, General Counsel & Secretary	\$118,000	\$68,440
David A. Giffin Vice President, Human Resources	\$88,000	\$51,040

Long-Term Incentive Compensation. The objective of the Company's long-term incentive program is to directly align compensation outcomes with returns received by shareholders, build equity ownership within the management team, and motivate the sustainable financial performance that supports stock price growth. Long-term incentive awards are made pursuant to the Company's 2012 Stock Incentive Plan, which permits grants of cash awards, stock options, stock appreciation rights or stock awards (e.g., restricted stock and RSUs). The Committee throughout the year may also approve awards in connection with employee promotions, employee retention, an individual newly hired to the Company, or for purposes otherwise deemed to be in the best interest of the Company. The timing of these equity award grants is not based on the timing of the release of material, non-public information, nor is such information released for the purpose of affecting the value of executive compensation.

For 2014, in order to provide a balance between executive retention and a focus on stock appreciation, the Committee awarded 50% of the value of the equity incentive component for the Named Executive Officers in stock appreciation rights and 50% in service-vested restricted share units. In March, a grant of service-vested RSUs, vesting 25% on the first anniversary and 25% each of the following three anniversaries, and SARs, vesting 25% on the first anniversary and 2.083% per month thereafter through the fourth anniversary, was made with the intention of emphasizing retention and the criticality of shareholder alignment during this key phase in the Company's life-cycle.

Stock Ownership Guidelines

The Company has established stock ownership guidelines for our executive officers, including the Named Executive Officers, to be consistent with our philosophy to align executives with shareholders and pay for performance. These guidelines are intended to create a management team of owners, tying Company stock price performance to executive wealth and motivating sustainable long-term business value generation.

The guidelines, denominated as a fixed number of shares, are displayed below:

Executive	Guidelines
President & CEO	100,000 shares
Other Executive Officers	50,000 shares

For purposes of calculating ownership levels against these guidelines, the following types of ownership are counted towards each officer's guideline:

- Restricted stock or RSUs that vest based on service (this includes awards that vest based on service and performance criteria, assuming the performance criteria have been met);
- The in-the-money value of vested, stock-settled SARs, converted into a number of shares at the closing stock price at the time ownership is being measured; and
- Common stock owned outright or in any Company deferred compensation plan or other program.

Since vested stock-settled SARs could be exercised and converted into shares of stock at any time, we believe it is appropriate that such SARs contribute to executive ownership without obligating the executives to exercise the right to receive the shares.

[Table of Contents](#)

As of December 31, 2014, the ownership of all Named Executive Officers was at least 100% of each individual's respective guideline. Our executive officers are expected to achieve the guidelines either within three years of their respective hire date or by August 2015. The following table provides detail on our Named Executive Officers' ownership as a percent of guideline at our last fiscal year end:

Executive	Ownership as % of Guideline
William C. Mills III Chief Executive Officer	240%
Martin C. Stammer Chief Financial Officer	112%
Frank J. Cheng Senior Vice President, Marketing & Business Development	106%
Karen W. Duros Senior Vice President, General Counsel & Secretary	100%
David A. Giffin Vice President, Human Resources	102%

Other Benefits

- **Healthcare and Other Insurance Programs:** All of our employees, including the Named Executive Officers, are eligible to participate in medical, dental, short and long-term disability and life insurance plans. The terms of such benefits for our Named Executive Officers are the same as those for all of our employees.
- **401(k):** We offer all eligible employees the opportunity to participate in a 401(k) plan, which provides for matching contributions from the Company on a dollar for dollar basis up to 3% of the employee's salary during the employee's period of participation. Matching contributions under the 401(k) plan have been suspended since 2011 due to ongoing efforts to control our cash operating expenses. For the fiscal year 2014, no matching contributions were made.
- **Employee Stock Purchase Plan:** The Company offers an employee stock purchase plan, under which all of our employees, including our Named Executive Officers, who do not own 5% or more of our outstanding common stock, have the opportunity to buy an aggregate for all employees of up to 250,000 shares of Company common stock at 95% of market price with up to 15% of their salaries and incentives (subject to certain limits), with the objective of allowing employees to profit when the value of our stock increases over time.

2015 Executive Compensation Program

For 2015, the Compensation Committee again established a compensation program designed to align executive pay with business performance through performance metrics under the Annual Management Bonus Plan and grants of stock options and service-vested restricted share units.

As in 2014, the Committee chose to use performance targets for the 2015 annual bonus consisting of revenue and technology and business development objectives. The Committee changed the weighting for the revenue target and for the technology/business development targets from 30% to 40% and from 70% to 60%, respectively. In addition, the Committee adjusted based salaries for the Named Executive Officers based on competitive market data.

Policy on Recoupment of Incentive Compensation

In December 2010, the Compensation Committee of the Board approved the following policy on recoupment of incentive compensation.

In the event of a material restatement of financial results of the Company (other than a restatement required by a change of GAAP or accounting standards) due to fraud, gross negligence or willful misconduct on the part of any Senior Executive (as defined below) or any key employee, the Independent Directors will review all incentive compensation awarded to or earned based on the Company's financial results, during the three fiscal years prior to the filing of the restated financial results, by each of the Senior Executives and any key employees involved in the fraud, gross negligence or willful misconduct. For this purpose, a financial statement or financial performance metric will be treated as materially inaccurate with respect to any Senior Executive or key employee who knowingly engaged in providing inaccurate information or knowingly failed to timely correct information relating to those financial statements or financial performance metrics.

The incentive compensation to be reviewed will include all incentive compensation based on financial results, including annual cash incentive bonus awards and all forms of equity-based compensation. If, in the view of the Independent Directors, the incentive compensation would have been lower if it had been based on the restated results, the Independent Directors may, upon consideration of all factors deemed relevant by the Independent Directors, and to the extent permitted by applicable law, seek recoupment from the Senior Executives, and any key employee whose acts or omissions contributed to the fraud, gross negligence or intentional misconduct, of any portion of such incentive compensation as it deems appropriate.

Any recoupment under this Policy may be in addition to any other remedies that may be available to the Company under applicable law, including disciplinary actions up to and including termination of employment.

The Board intends to incorporate the provisions of this Policy in future incentive plan documents, award agreements and employee agreements.

For purposes of this Policy, "Senior Executives" mean the Company's executive officers (as defined under the Securities and Exchange Act of 1934, as amended).

Federal Income Tax Considerations

The Committee's policy is to establish and maintain a compensation program that maximizes the creation of long-term shareholder value. Section 162(m) of the Internal Revenue Code places a \$1.0 million annual limit on the compensation deductible by the Company that is paid to certain executive officers. The limit, however, does not apply to "performance-based compensation." It is intended that equity awards such as stock-settled stock appreciation rights under the Company's 2012 Stock Incentive Plan generally will satisfy the requirements for performance-based compensation under Section 162(m). Service-vested equity awards, such as restricted share units, generally will not satisfy the requirements for performance-based compensation. In addition, annual incentive awards historically have not been structured to satisfy the requirements for performance-based compensation. The Committee considers it important to retain flexibility to design compensation programs that are in the best interest of the Company and the shareholders; therefore, the Committee retains the discretion to grant non-performance-based equity awards and approve payments that are not deductible under Section 162(m) where it deems appropriate. In 2014, non-performance based compensation payable to the Named Executive Officers did not exceed \$1.0 million for any individual.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by the Compensation Committee of the Board of Directors.

The Compensation Committee report and the report of the Audit Committee below will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement or portions thereof into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate by reference the Compensation Committee report or the Audit Committee report, and will not otherwise be deemed filed under such Acts.

Compensation Committee Interlocks and Insider Participation

Mr. Middleton served as a member of our Compensation Committee during our last fiscal year and as our president from December 1996 through June 1997. Otherwise, none of our Compensation Committee members and none of our executive officers have a relationship that would constitute an interlocking relationship with executive officers or directors of another entity or insider participation in compensation decisions.

Potential Payments upon Termination or Change of Control

The award agreements under our 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide for the acceleration of certain equity awards in the event of termination of the employee's employment due to a change of control of the Company. The provisions under the award agreements are generally applicable to awards granted to all participants in the Plan, including the Named Executive Officers. We have described those provisions generally below. Additionally, under the stock incentive plans, in the event of a change of control of the Company, the Compensation Committee has discretion to provide for termination of awards in exchange for cash payments or the issuance of substitute awards. Benefits or payments under other plans and arrangements that are generally available to the Company's employees on similar terms are not described.

In addition, we have entered into employment agreements with our Named Executive Officers that provide for a continuation of certain post-employment benefits, to the extent permitted under the applicable employment benefit plan(s). Each of the employment agreements provides for payments at, following, or in connection with a variety of circumstances following the Named Executive Officer's termination of employment or in the event of a change of control of the Company.

Following the description of the Named Executive Officers' agreements, we have quantified, in tabular format, the potential payments and benefits upon termination without cause or due to a change of control of the Company for each of the Named Executive Officers, assuming the triggering event took place on December 31, 2014, and, if applicable, based on our closing stock price of \$1.48 on that date. In calculating the value of acceleration of equity awards, the value of unvested options and SARs equals \$1.48 per share minus the exercise price for all such options or SARs and the value of the restricted shares and restricted share units equals \$1.48 per share multiplied by the number of unvested restricted shares or restricted share units, as applicable.

Provisions of awards under the Stock Incentive Plans

If a Named Executive Officer's employment is terminated on or within one year after a change of control (or in the case of restricted stock, restricted stock units or SARs, the employee leaves for good reason, as defined in the agreement), the award agreements for such restricted stock, restricted stock units, and SARs under the 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide as follows: (1) all unvested SARs will vest

Table of Contents

immediately and all unexercised SARs can be exercised for their remaining terms; and (2) all outstanding restricted stock and restricted stock units vest immediately and become non-forfeitable. Under the terms of award applicable to the restricted share units granted in 2013 to Mr. Mills as a director, if his service as a director terminates as a result of a change of control, all of such outstanding restricted share units will become vested.

The awards do not generally accelerate in connection with the retirement, resignation or other termination of employment (i.e., voluntary termination, termination for cause or involuntary termination) of any of the participants. In addition, none of the equity awards under the 2002 Stock Incentive Plan or 2012 Stock Incentive Plan accelerate in the event of termination by death or disability, although SARs and options could be exercised for specified periods following such termination events.

Employment Agreements and Quantification of Payments upon Termination or Change of Control

If a Named Executive Officer is terminated by the Company without cause, the Named Executive Officer will receive his or her monthly base salary as of the date of termination for 12 months following the date of termination. The officer also will receive continuation of medical and dental benefits and life and disability insurance benefits (subject to any requirement for employee premium contributions) for 12 months, except that such benefits will terminate upon receipt of comparable benefits from another employer. In the event of termination by the Company without cause, the salary continuation payments will be offset by the amount of any compensation the officer receives during the severance period from the Company, any other employer or as an independent contractor.

In the event of a termination of a Named Executive Officer during the period commencing six months prior to a change of control of the Company and ending two years after a change of control (or one year, in Mr. Mills' case), or if the officer separates from service for good reason, as defined in the employment agreement, within two years (or one year, in Mr. Mills' case) after a change of control of the Company, then the officer will be entitled to a lump sum payment equal to the officer's annual base salary (or in Mr. Mills' case, two times his annual base salary) at a rate equal to the greater of the rate in effect immediately before the officer's separation or the rate in effect immediately before the change of control. In addition the officer will receive continued medical and dental coverage under the Company's benefit plans pursuant to COBRA for up to one year (two years in Mr. Mills' case) following the officer's separation from service at the Company's cost, and continued life and disability insurance benefits, also at the Company's cost. All outstanding unvested awards under the 2002 Stock Incentive Plan and the 2012 Stock Incentive Plan will become fully vested.

Based on a hypothetical termination date of December 31, 2014, the severance benefits for the Named Executive Officers would have been as follows:

Named Executive Officer	Termination without Cause (\$)(1)	Involuntary termination due to change of control (\$)(2)
William C. Mills III (3)	\$ 494,048	\$ 1,218,751
Martin C. Stammer (4)	\$ 257,761	\$ 324,759
Frank J. Cheng (5)	\$ 313,691	\$ 371,151
Karen W. Duros (6)	\$ 313,691	\$ 369,301
David A. Giffin (7)	\$ 234,070	\$ 287,736

- (1) These amounts reflect cash severance payments and the value of extended medical and dental benefits and life and disability insurance. The value of extended medical and dental benefits and life and disability insurance ("Benefits") was determined based on the annual cost of the Company's contribution for employees' medical and dental benefits and the full annual cost of life and disability insurance.

- (2) These amounts reflect cash severance payments; the value of extended medical and dental benefits and life and disability insurance; the value of accelerated vesting of service-vested restricted share units (RSUs) calculated based on the closing price of \$1.48 for shares of our common stock on December 31, 2014. No value is included based on accelerated vesting of stock options or SARs because all of the stock options and SARs held by the officers had no intrinsic value on December 31, 2014. The value of extended Benefits was determined based on the full annual cost of COBRA benefits and life and disability insurance.
- (3) These amounts include \$475,000 of cash severance and \$19,048 of extended Benefits in the event of termination without cause; and \$950,000 of cash severance, \$49,711 of extended Benefits, and \$219,040 for accelerated vesting of RSUs in the event of a termination due to a change of control.
- (4) These amounts include \$250,000 of cash severance and \$7,761 of extended Benefits in the event of a termination without cause; and \$250,000 of cash severance, \$9,417 of extended Benefits, and \$65,342 for accelerated vesting of RSUs in the event of a termination due to a change of control.
- (5) These amounts include \$295,000 of cash severance and \$18,691 of extended Benefits in the event of a termination without cause; and \$295,000 of cash severance, \$24,499 of extended Benefits, and \$51,652 for accelerated vesting of RSUs in the event of a termination due to a change of control.
- (6) These amounts include \$295,000 of cash severance and \$18,691 of extended Benefits in the event of a termination without cause; and \$295,000 of cash severance, \$24,499 of extended Benefits, and \$49,802 for accelerated vesting of RSUs in the event of a termination due to a change of control.
- (7) These amounts include \$220,000 of cash severance and \$14,070 of extended Benefits in the event of a termination without cause; and \$220,000 of cash severance, \$17,934 of extended Benefits, and \$49,802 for accelerated vesting of RSUs in the event of a termination due to a change of control.

REPORT OF AUDIT COMMITTEE

Three non-employee directors comprise the Audit Committee. All are independent as defined in Nasdaq Rule 5605(a)(2) and Rule 10-A-3(b)(1) of the Securities Exchange Act of 1934. The Board has adopted a written charter for the Audit Committee, which is posted on our website at www.stereotaxis.com, Investors, Governance.

The Audit Committee assists the Board in providing oversight of our accounting and financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal control. Our independent registered public accountants are responsible for performing an independent audit of our financial statements in accordance with auditing standards generally accepted in the United States and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances. In addition, the Company engages another accounting firm for assistance with internal audit services.

The Audit Committee reviews with management the Company's major financial risk exposures and the steps management has taken to monitor, mitigate and control such exposures. Management has the responsibility for the implementation of these activities. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements to be included in the Annual Report on Form 10-K for the year ended December 31, 2014 with management, including a discussion of the quality and the acceptability of our financial reporting practices and the internal controls over financial reporting.

The Committee reviewed with the independent registered public accounting firm its judgments as to the quality and the acceptability of our financial reporting and such other matters as are required to be discussed with the Committee under auditing standards of the Public Company Accounting Oversight Board (PCAOB). In addition, the Committee discussed with the independent registered public accountants, the firm's independence from management and the Company, including the matters in the accountants' written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*.

Our independent registered public accountants did not provide any non-audit services to us during 2014.

The Committee also discussed with the Company's internal audit service provider and the independent registered public accounting firm in advance the overall scope and plans for their respective audits. The Committee meets regularly with the internal audit service provider and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC. The Committee has appointed Ernst & Young LLP as the Company's independent registered public accountants for fiscal year 2015.

Submitted by the Audit Committee of the Board of Directors.

David W. Benfer

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Our Audit Committee, pursuant to its charter, has appointed Ernst & Young LLP as the Company's independent registered public accountants to examine the financial statements of the Company for our 2015 fiscal year.

While the Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Audit Committee and our Board are requesting, as a matter of policy, that the shareholders ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants for 2015. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if the shareholders do not ratify the appointment, the Audit Committee may investigate the reasons for shareholder rejection and may consider whether to retain Ernst & Young LLP or to appoint another firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

A formal statement by representatives of Ernst & Young LLP is not planned for the Annual Meeting. However, Ernst & Young LLP representatives are expected to be present at the meeting and available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2015.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the 2014 Annual Meeting of Shareholders, approximately 94% of the votes cast were in support of the Company's executive compensation program. Pursuant to Section 14A of the Exchange Act, our Board of Directors is again submitting a non-binding shareholder vote on our executive compensation as described in this proxy statement (commonly referred to as "say-on-pay"). We currently plan to hold this vote annually, and the next such vote will be held at our 2016 Annual Meeting of Shareholders.

While this vote is advisory and not binding on our Company, it will provide information to our Compensation Committee regarding shareholders' sentiment about our executive compensation philosophy and practices, which the Committee will be able to consider when determining executive compensation in the future.

As you consider how to cast your vote, we encourage you to review the "Compensation Discussion & Analysis" section of this proxy statement as well as the executive compensation tables and related narratives. As described in those sections, the primary goals of our executive compensation program are to attract, retain and motivate highly qualified executives and to align their interests with those of our shareholders. Our program, consisting of a mix of base salary, annual cash bonus, and equity awards, is designed to reflect a balance between short-term and long-term goals to create value for our shareholders.

The Board strongly endorses the Company's executive compensation program and recommends that the shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers as described in this proxy statement under "Executive Compensation", including the "Compensation Discussion and Analysis" and the tabular and narrative disclosure contained in this proxy statement.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE COMPANY’S EXECUTIVE COMPENSATION.

Pre-Approval Policy

As described in the Audit Committee charter, it is the Audit Committee’s policy and procedure to review and consider and ultimately pre-approve, where appropriate, all audit and non-audit engagement services to be performed by our independent registered public accountants. All of the audit services provided by Ernst & Young LLP during fiscal year 2014 were pre-approved in accordance with the Audit Committee’s policy.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We review all relationships and transactions in which the Company and our directors, executive officers or their immediate family members participate to determine whether such persons have a direct or indirect material interest in such transactions or relationships. In addition, our Code of Ethics and Business Conduct generally prohibits our officers, directors and employees from engaging in activities that involve, or even appear to involve, a conflict between their personal interest and the interests of the Company. Our Code of Ethics and Business Conduct encourages our employees to report to us an actual or apparent conflict of interest.

Our Board of Directors or the Audit Committee, in either case, with any directors involved in the relevant transaction recusing themselves from the discussion and decision, reviews all related party transactions involving the Company and any of the Company’s principal shareholders or members of our board of directors or senior management or any immediate family member of any of the foregoing. A general statement of this policy is set forth in our audit committee charter, which is published on our website at www.stereotaxis.com, Investors, Governance. However, the Board does not have detailed written policies and procedures for reviewing related party transactions. Rather, all facts and circumstances surrounding each related party transaction may be considered.

Note and Warrant Purchase Agreement. The Company entered into a certain Note and Warrant Purchase Agreement, effective as of February 7, 2008, as amended, with Alafi Capital Company and certain affiliates of Sanderling Venture Partners (collectively, the “Lenders”), under which the Lenders committed to provide an aggregate of \$10 million on an unsecured basis in either direct loans to the Company or loan guarantees to Silicon Valley Bank, our primary bank lender, through May 7, 2012. As of that date, the Lenders’ obligation to provide either direct loans to us or guarantee our loan commitments with Silicon Valley Bank was decreased to an aggregate of \$3 million. Sanderling Venture Partners is an affiliate of Fred A. Middleton, who is a director of the Company. Alafi Capital Company is an affiliate of Christopher Alafi, a former director of the Company. Pursuant to the Note and Warrant Purchase Agreement, as amended, we issued five-year warrants to the Lenders to purchase shares of our common stock. As of December 31, 2012, pursuant to the Note and Warrant Purchase Agreement, the Lenders held outstanding warrants to purchase 732,875 shares of our common stock at exercise prices ranging from \$3.36 to \$69.90.

Effective March 29, 2013, we executed the Seventh Amendment to the Note and Warrant Purchase Agreement with the Lenders, in connection with the extension of our loan commitments with Silicon Valley Bank through June 30, 2013. We issued five-year warrants to purchase an aggregate of 113,636 shares of our common stock at an exercise price of \$1.98 per share to the Lenders. The exercise price was equal to the closing bid price on March 28, 2013, the trading day immediately prior to the date of the amendment.

Effective June 28, 2013, we executed the Eighth Amendment to the Note and Warrant Purchase Agreement with the Lenders, in connection with the extension of our loan commitments with Silicon Valley Bank through July 31, 2013. We issued five-year warrants to purchase an aggregate of 48,387 shares of our common stock, at an exercise price of \$1.55 per share to the Lenders. The exercise price was equal to the closing bid price on June 27, 2013, the trading day immediate prior to the date of the amendment.

Effective July 31, 2013, the Lenders extended their loan guarantees to Silicon Valley Bank through August 31, 2013. We issued five-year warrants to purchase an aggregate of 14,313 shares of our common stock, at an exercise price of \$5.24 per share to the Lenders. The exercise price was equal to the closing bid price on July 30, 2013, the trading day immediately prior to the date of the amendment.

On August 30, 2013, the Company and Silicon Valley Bank agreed to the elimination of the \$3.0 million sublimit of the revolving credit line guaranteed by the Lenders and the guarantees by the Lenders in favor of the Bank were released.

Prior to May 7, 2012, the obligations under the \$10 million loan or guarantee commitment, and the number of warrants granted under each of the amendments were split evenly between Alafi Capital Company and certain affiliates of Sanderling Venture Partners. Under the Sixth Amendment to the Note and Warrant Purchase Agreement dated as of May 7, 2012, and each subsequent amendment, the loan obligation or guarantee commitment of Alafi Capital Company was \$1.0 million, and that of certain affiliates of Sanderling Ventures Partners was \$2.0 million, and the warrants were granted on a proportionate basis. Each of these transactions was reviewed and approved by non-interested directors at a meeting of the Board of Directors, at which Mr. Middleton was recused from the discussions and vote, or by the Audit Committee. Mr. Middleton was not a member of the Audit Committee.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires all Company executive officers, directors and persons owning more than 10% of any registered class of our capital stock to file reports of ownership and changes in ownership with the SEC. Based solely on the reports received by us and on written representations from our directors and executive officers, we believe that all such persons timely filed such reports during the last fiscal year, except that one report for each of Messrs. Cheng, Giffin, Stammer and Ms. Duros to report the forfeiture of performance-based restricted stock on March 27, 2014, was filed on April 8, 2014.

GENERAL INFORMATION

SHAREHOLDER PROPOSALS

Proposals Included In Proxy Statement

Proposals of shareholders of the Company that are intended to be presented by such shareholders at the Company's 2016 Annual Meeting and that shareholders desire to have included in the Company's proxy materials relating to such meeting must be received by the Company at its principal executive offices no later than December 19, 2015, which is 120 calendar days prior to the anniversary of April 17, 2015, the release date of this proxy statement relating to the 2015 Annual Meeting. Upon timely receipt of any such proposal, the Company will determine whether or not to include such proposal in the proxy statement and proxy in accordance with applicable regulations governing the solicitation of proxies.

Proposals Not Included in the Proxy Statement

Our bylaws provide that shareholders seeking to bring business before an annual meeting of shareholders, or to nominate candidates for election as directors at an annual meeting of shareholders, must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders, i.e., not earlier than February 3, 2016, and not later than March 4, 2016, for the 2016 Annual Meeting. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever first occurs. Our restated bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from bringing matters before an annual meeting of shareholders or from making nominations for directors at an annual meeting of shareholders.

Any shareholder wishing to submit a candidate for election to our Board of Directors should follow the procedures outlined in "Director Nominations." For all other proposals, as to each matter of business proposed, the shareholder should send the following information to the Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

- A brief description of the business desired to be brought before the meeting and the reasons for conducting such business;

HOUSEHOLDING OF PROXIES

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports, proxy statements and Notices of Internet Availability of Proxy Materials, with respect to two or more shareholders sharing the same address by delivering a single annual report and/or proxy statement and/or Notices of Internet Availability of Proxy Materials addressed to those shareholders. This process is commonly referred to as "householding." The Company and some brokers household annual reports, proxy materials, and Notices of Internet Availability of Proxy Materials, delivering a single annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders.

Once you have received notice from your broker or the Company that your broker or we will be householding materials to your address, householding will continue until you are notified otherwise or until you request otherwise. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, in the future, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. If, at any time, you and another shareholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares.

You may request to receive at any time a separate copy of our proxy materials, our Annual Report, or Notice of Internet Availability of Proxy Materials, or notify us that you do or do not wish to participate in householding by sending a written request to our Corporate Secretary at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108, or by telephoning 314-678-6100. We will deliver such materials to you promptly upon such request.

OTHER INFORMATION

The Board knows of no matter, other than those referred to in this proxy statement, which will be presented at the meeting. However, if any other matters, including a shareholder proposal excluded from this proxy statement pursuant to the rules of the SEC, properly come before the meeting or any of its adjournments, the person or persons voting the proxies will vote in accordance with their best judgment on such matters. Should any nominee for director be unable to serve or for good cause will not serve at the time of the meeting or any adjournments thereof, the persons named in the proxy will vote for the election of such other person for such directorship as the Board may recommend, unless, prior to the meeting, the Board has eliminated that directorship by reducing the size of the Board. The Board is not aware that any nominee herein will be unable to serve or for good cause will not serve as a director.

The Company will bear the expense of preparing, printing and mailing this proxy material, as well as the cost of any required solicitation. Directors, officers or employees of the Company may solicit proxies on behalf of the Company. In addition, the Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred in forwarding proxy materials to beneficial owners of the Company's stock and obtaining their proxies.

You are urged to vote promptly. You may revoke your proxy at any time before it is voted; and if you attend the meeting, as we hope you will, you may vote your shares in person, if you held your shares directly as a registered holder. In addition, we will furnish, without charge, copies of exhibits to our Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the Commission, upon the written request of any person who is a shareholder as of the Record Date, upon payment of a reasonable fee which shall not exceed our reasonable expenses in connection therewith.
